Summer is *here!*

We are thrilled you have picked up our 2015 ParishEXTEND Summer Catalog. Inside you will find a wide array of fun, challenging and unique classes and camps that are sure to keep your child engaged all summer long. At Parish, we focus on creating a safe and welcoming environment where students can be themselves, explore their interests and experience summer fun.

We've worked really hard to make sure there is something for everyone. The sports nut, the art lover, the science enthusiast, the linguist, the dancing queen, the college bound, and the summer student all have something for them at ParishEXTEND.

We've created our summer programming with your requests and schedules in mind. Here are a few items to note about the summer at Parish:

- Our program covers the **entire summer** from the day kids get out of school until they return.
- We offer programming that runs from **7:30am to 6:00pm** in order to encompass the entire work day.
- Our signature, truly All-Day themed camps are one of the best deals in Dallas at **\$250 per week**.
- New flexible payment options are available.
- Registration can be completed via our website, by mail, or take advantage of our "concierge service" and give us a call at 972.852.8752. Please make sure to check out the **All About Summer** section which will address most of your questions.

We look forward to a fantastic summer. See you then!

PATTY KNODEL
DIRECTOR OF PARISHEXTEND
PKNODEL@PARISHEPISCOPAL.ORG

“ParishEXTEND Summer combines summer fun with the dynamic academic and enrichment programming of ParishEXTEND. Our unique array of options will give your child a summer they'll always remember.”

ALL ABOUT SUMMER

Answers to your questions

Q: How do I register?

A: Registration includes the Registration Form, the Parent Authorization Release and a \$30 registration fee. You can register either online or by mail.

- Online: parishepiscopal.org/summerextend
- Mail: Send completed forms and payment to **ParishEXTEND Summer 2015, 4101 Sigma Road, Dallas, Texas 75244.**

Camps and classes are limited in size and are available on a first come, first served basis. Scheduled payments must be fulfilled in order to retain your child's place in any camp. Camps/classes are subject to cancellation due to insufficient enrollment. Insufficient enrollment will be determined no later than 5pm the Thursday prior to the start of class. If a class or camp is cancelled due to insufficient enrollment, you will be fully refunded. **Please note:** If you are depending upon the camp for childcare reasons, we will work with you to fulfill those needs. Call 972.852.8752 for assistance.

Q: Is there a deadline?

A: All online and hardcopy registrations must be received by Thursday at noon in order to be processed for classes

and camps starting the following Monday. If enrollment occurs after Thursday at noon, a \$10 rush fee will be charged for camps starting the following Monday.

Q: How do I add or change classes after I've registered?

A: Additional courses may be added online with no registration fee and changes made by emailing or calling Nancy Powers at npowers@parishepiscopal.org or 972.852.8752. Students are allowed one camp schedule change at no charge. A \$15 charge will be applied for each additional schedule change.

Q: What forms of payment do you accept?

A: We accept cash, check and debit/credit cards (Master Card, Visa, American Express, Discover). We now offer flexible payment options so your credit card can be stored and charged as your camp approaches.

Q: When registering for camps, what grade do I select?

A: Grades listed indicate the grade the student will enter in the fall. Primer students can select either Kindergarten or 1st grade classes. Students must be at least three years old by June 1, 2015. All children must

be toilet trained without assistance from an adult to attend camp.

Q: How do you handle refunds?

A: Requests must be emailed to Nancy Powers at npowers@parishepiscopal.org two weeks prior to the camp start date in order to receive a full refund minus a \$50 processing fee. Requests received one week before the start of camp will be 50% refunded. Any requests received inside of one week, will not be issued a refund except in cases of emergency.

Q: Are there two Parish Episcopal School campuses?

A: Yes, there are two campus locations. The majority of our summer camps are located at the Midway campus, but we do have offerings select weeks at both campuses. Please refer to your summer catalog for campus locations.

- **Midway Campus:** 4101 Sigma Road, Dallas, TX 75244
- **Hillcrest Campus:** 14115 Hillcrest Road, Dallas, TX 75254

Q: Where do I drop off and pick up?

A: Parents should drop off and pick up their children at designated pick-up

areas as outlined by your confirmation letter. Confirmation letters will be sent one week prior to the start of camp. Students will be escorted to the pick-up areas and will only be released to individuals showing a carpool pick up tag in their front window or authorized individuals. For the safety of your children, we will verify individuals who do not show a carpool tag at pick up. Children attending the All-day Camp or our Afternoon Camp (3:30 - 6:00pm) must be signed out each day at the reception desk by a parent or an authorized adult.

- **Midway pick up:**
Back of campus by the gym
- **Hillcrest pick up:**
Spring Valley parking lot

Q: How does lunch work?

A: A designated lunch time will be built into "all day" classes. For students going from a morning to an afternoon program, lunch will be taken from 12:00 to 12:30pm. Food will be available for purchase or students may bring their lunch. Lunches will not be refrigerated. Lunch is fully supervised by counselors and instructors.

Should you want to purchase lunch for your student, you will need to indicate

this via our online form or paper form located in our reception area. Lunch request forms must be received prior to 9am on the first day of the camp for the week.

Please visit our website at parishepiscopal.org/summerextend for specific menus and pricing.

Q: What should my child bring each day?

A: Campers will have the opportunity to have a snack at 10am and 4pm each day, please pack snacks if desired. Snacks may also be purchased from the PAWS store. Prepaid accounts may be set up to avoid sending cash with your child. We suggest that your child wear closed-toe shoes and dress in comfortable, summer attire. PreK students should have a change of clothing including underwear and a second pair of shoes in their bag at all times. Instructors will contact you if your camp requires special attire at any point during the summer.

Q: Do you offer extended care?

A: Yes, we offer an All-Day Camp that runs from 7:30am to 6:00pm in addition to offering morning (7:30 - 9:00am) and afternoon

(3:30 - 6:00pm) camps that can be added to your child's schedule.

Q: Will outdoor sports camps continue when it rains?

A: Yes, all sports camps have contingency plans, and unless parents are contacted by email, camps will run as scheduled.

Q: Will classes be held on July 3, 2015?

A: Yes, we will have classes and camps on Friday, July 3, 2015.

Q: How do you handle the health needs of the students?

A: We have a nurse on staff during the summer. If your child has specific health concerns, please contact ParishEXTEND administration at 972.852.8752 for further direction.

Q: How do you handle discipline?

A: ParishEXTEND reserves the right to request the withdrawal of any student whose conduct is unsatisfactory or who fails to conform to the rules and regulations. No refund will be made to any student who withdraws or is dismissed from the summer session after the program has begun.

Q: Does my child have to be a Parish Episcopal student to attend your summer camps and classes?

A: ParishEXTEND welcomes students from any school, race, color, and national or ethnic origin.

Q: My student does not attend Parish, will your for-credit courses apply outside of Parish?

A: We suggest you check with your school's administration in advance to verify that credits transfer.

Q: How do I schedule private music lessons?

A: Please schedule all private music lessons by contacting **Nancy Powers** at npowers@parishepiscopal.org or 972.852.8752.

For all other questions, please call 972.852.8752 or email extend@parishepiscopal.org.

Private	Private Music	PreK-12	\$35/\$70	21, 33, 39

3D ANIMATION

Grades: 4-6

By animating their art, kids hone their drawing and writing skills, express their creativity, learn to give and accept feedback, and pick up some potentially valuable career experience. Programs used will be the educationally-oriented programs Animate It! and Go Animate. Kids will learn communication skills, design principles and creative expression. (Requirements: Flash Drive)

- **Instructor:** High Tech Kids
- **Dates:** Week 8 – July 20-24
- **Times:** 9:00am - 12:00pm
- **Location:** Midway Campus
- **Cost:** \$235

3D ART

Grades: 1-4

Explore different forms of 3D art such as sculptures, collages and even optical illusions. We will use a variety of materials to create our own 3D artwork.

- **Instructor:** Susan Waddington, Parish Episcopal School
- **Dates:** Week 3 – June 15-19
- **Times:** 9:00am - 12:00pm
- **Location:** Midway Campus
- **Cost:** \$225

ADVANCED GAME DESIGN: ARCADE STYLE GAMES

Grades: 3-8

Explore computational science through the lens of designing and building your own games. In this advanced game design camp, you'll use Multimedia Fusion 2 software to create complex and fun arcade style, 2-D games while learning principles of design and getting a solid programming foundation. Students will choose a theme for their game, set goals for their character, and design a way for their character to score points. When the games are completed, students can challenge their friends and classmates to play their game. (Intro to Game Design is a preferred prerequisite. Bring a Flash Drive.)

- **Instructor:** High Tech Kids
- **Dates:** Week 6 – July 6-10
- **Times:** 9:00am - 12:00pm
- **Location:** Midway Campus
- **Cost:** \$235

ADVANCED GAME DESIGN: PLATFORM STYLE GAMES

Grades: 3-6

In this advanced game design camp, you'll use Multimedia Fusion 2 software to create a complex, multi-level platform style game. You'll plan and write your game's story, design levels, and use objects and characters to fill the game world. Afterward, you'll learn game programming to bring the creation to life, and then publish the game to play at home. This is High Tech Kids' most popular camp! (Intro to Game Design is a preferred prerequisite. Bring a Flash Drive.)

- **Instructor:** High Tech Kids
- **Dates:** Week 4 – June 22-26
- **Times:** 9:00am - 12:00pm
- **Location:** Midway Campus
- **Cost:** \$235

AFTERNOON CAMP

Grades: PreK, K-6

Supervised activities are offered each afternoon from 3:30 - 6:00 pm. Activities include games, arts and crafts, cooking, gym time and outdoor

play. Please provide a snack for the afternoon. Children must be signed out by a parent or registered adult at the time of departure.

- **Instructor:** ParishEXTEND staff
- **Dates:** Each week of summer
- **Times:** 3:30 - 6:00pm
- **Location:** Midway Campus (Weeks 1-9), Hillcrest Campus (Weeks 9-13)
- **Cost:** \$75

ALLAKAZZAM MAGIC CAMP

Grades: 3-6

Join Paul Osborne, professional magician, for an incredibly magical experience. Children will learn crafts, acting and history. They will make their own props and perform magic acts. They will learn the history of magic in the theater and leave the camp with a professional magic kit valued at over one hundred dollars. Mr. Osborne is a creator of magical effects for professional magicians on Broadway, network television, theme parks and Las Vegas productions. Clients have included Peter Pan on Broadway, David Bowie and David Copperfield. Don't miss this opportunity to learn from the best.

- **Instructor:** Paul Osborne, Osborne Illusion Systems
- **Dates:** Week 8 – July 20-24
- **Times:** 12:30 - 3:30pm
- **Location:** Midway Campus
- **Cost:** \$185

ALL-DAY CAMPS!

Grades: K-3, 4-6
(Junior Counselor Training: Assist with K-3 students)

No "I'm bored" here! Join us as we explore a new theme each week. You will learn, craft, explore and create great summer memories! Arrive early and bring your curiosity and lunch. For assistance building all day options for pre-school aged children, please contact the ParishEXTEND office at 972.852.8752. Please provide a snack for the morning and afternoon. Children must be signed out by a parent or registered adult at the time of departure.

- **Instructor:** ParishEXTEND staff
- **Dates:** Each week of summer – see specific dates/topics below
- **Times:** 7:30am - 6:00pm (You may stay for shorter periods of time by request)
- **Location:** Midway Campus (Weeks 1-8), Hillcrest Campus (Weeks 9-13)
- **Cost:** \$250 per week, \$150 (Week 13)

All day camp themes:

- **Week 1 – June 1-5: Are You Ready to Rock?** – Learn how to rock as you make your own instruments and learn a thing or two about music in the process. Form a band and create legendary music during this week of rock and roll fun. Record your songs and impress your fans in this musically themed camp.
- **Week 2 – June 8-12: Wild, Wild West** – Travel back to the days when the west was wild and adventure hid around every corner. Experience life as a Texas Ranger and get ready for a historical and imaginative ride.
- **Week 3 – June 15-19: Calling all Heroes!** – Come dressed in

your favorite superhero clothes and leave your secret identities behind for a week of heroic fun. You'll need to bring your courage and crime solving powers to help rescue Mrs. Knodel who has been captured by the diabolical League of Evil.

- **Week 4 – June 22-26: Out Among the Stars** – Come and learn about our solar system and see what it would be like to live among the stars. Have a blast as you dive into deep space and learn about life on another planet, light sabers and future fantasies.
- **Week 5 – June 29-July 3: Fiestas & Siestas** – You've worked hard this year, reward yourself with a week of fun and relaxation as you get acquainted with Latin American culture. We'll explore food, holidays, traditions, clothes and crafts as we make our way through each country. Bring your passport and get ready to have a memorable time.
- **Week 6 – July 6-10: High Tech Redneck** – In this camp you will experience good old fashioned country fun. Catch a fish with your bare hand or reel one in with your cane fishing pole. Relax with a mud bath, grow a beard and make your own animal calls. This week will be so fun you may never want to come back to city life.
- **Week 7 – July 13-17: Earth, We Dig it!** – Discover the treasures of Mother Nature digging for precious stones and minerals. Learn about the geology of the earth from the peaks of the tallest mountains to the depths of the deepest caves. We'll even discuss the science of earthquakes and what to do when you feel one. This camp will "rock" your world!

- **Week 8 – July 20-24: A Knight to Remember** – Step into the distant past when knights reigned supreme. You will be knighted and experience castle life in this historical adventure. Build your own suit of armor and wear it proudly while you learn about chivalry and the knight's code of honor. Save the princess (or the prince!) from the tower and defeat the Black Knight. Should you succeed, the King may reward you greatly!

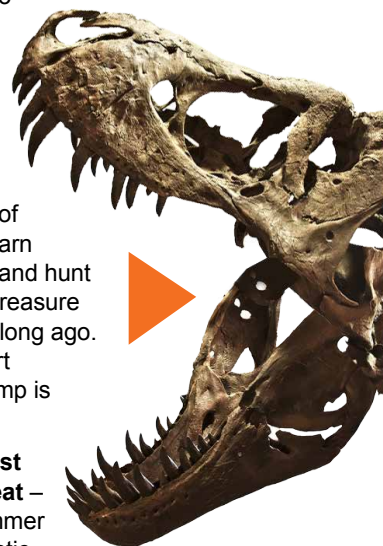

- **Week 9 – July 27-31: From Lemons to Lemonade** – Start your own business and manage your own lemonade stand. Learn how to market your product through a simulated business environment. Designed with kids in mind, this camp will provide a foundation for success and creativity for young entrepreneurs.

- **Week 10 – August 3-7: Spy Camp** – Your mission, should you choose to accept it, is to learn spying. The formula for summer fun has been stolen by Dr. Nofun, and Parish needs its top agents ready for action. Gather intelligence and use your spy gear to save summer fun before it's too late!

- **Week 11 – August 10-14: Indiana Bones** – Experience the joy of discovery as you learn about archaeology and hunt for fossils and lost treasure hidden in the earth long ago. Part history and part exploration, this camp is sure to thrill.

- **Week 12 – August 17-21: Beat the Heat** – Cool down this summer with a week of aquatic themed fun and adventure! Use your imagination and creativity to turn the campus into our own waterpark.

- **Week 13 – August 24-26: Green Thumb** – Put on your gardening gloves and roll up your sleeves as we unlock the mysteries of plants and how to grow them in this agricultural adventure. From home gardening to venus fly traps to composting, you'll be amazed at the fun and practicality of this camp.

AMAZING WORLD OF ERIC CARLE

Grades: PreK-K

Come join us for a fun look into the world of Eric Carle, beloved author of *The Very Hungry Caterpillar* and *The Very Busy Spider*. Children will enjoy hearing stories by Eric Carle and working as a team to create their own illustrations through sponge painting, splatter painting and tissue paper collage. As a team we will create our own story characters and create books in the style of Eric Carle. Let your creative spirit come to life on paper!

- **Instructor:** Kelly Lee, Parish Episcopal School
- **Dates:** Week 4 – June 22-26
- **Times:** 9:00am - 12:00pm
- **Location:** Midway Campus
- **Cost:** \$185

ARE YOU READY TO ROCK?

Grade: PreK

Learn how to rock as you make your own instruments and learn a thing or two about music in the process. Form a band and create legendary music during this week of rock and roll fun. Record your songs and impress your fans in this musically themed camp.

- **Instructor:** Jessica Warren, Parish Episcopal School
- **Dates:** Week 1 – June 1-5
- **Times:** 9:00am - 3:30pm
- **Location:** Midway Campus
- **Cost:** \$295

BABYSITTING & CPR TRAINING

Grades: 4-8

Looking to become a go-to babysitter? Our Babysitting camp will give you the necessary skills to become a trusted sitter. You will learn age appropriate cooking, games, activities and arts and crafts to do on the job. We will also help you develop and manage your babysitting business, and you will receive your Infant and Child CPR certification.

- **Instructor:** Jessica Warren, Parish Episcopal School
- **Dates:** Week 4 – June 22-26
Week 9 – July 27-31
- **Times:** 9:00am - 3:30pm
- **Location:** Midway Campus
- **Cost:** \$325

BALLERINA PRINCESS DANCE CAMP

Grades: PreK-K, 1-2

This camp introduces the basic techniques of Classical Ballet, Tap, Jazz, and Creative Movement. Dance strengthens skills such as listening, problem solving, group participation, body awareness, eye hand coordination, and social interaction, while having fun! Dance will also improve a young child's confidence, independence and maturity.

- **Instructor:** Jessica Robinson, Parish Episcopal School, or Jenna Fisher, Frisco High School
- **Location:** Midway Campus
- **Cost:** \$185

GRADES PreK-K

- **Dates:** Week 2 – June 8-12
Week 6 – July 6-10
- **Times:** 9:00am - 12:00pm

GRADES 1-2

- **Dates:** Week 3 – June 15-19
Week 7 – July 13-17
- **Times:** 9:00am - 12:00pm

BEAT THE HEAT

Grade: PreK

Cool down this summer with a week of aquatic themed fun and adventure! We will use our imagination and creativity to turn the campus into our own waterpark.

- **Instructor:** Parish Episcopal School Staff
- **Dates:** Week 12 – August 17-21

- **Times:** 9:00am - 3:30pm
- **Location:** Hillcrest Campus
- **Cost:** \$295

BIG TEXAS ART CLASS

Grades: 1-5

This is an art class and history class combined. Students will learn all about the history and icons of Texas and then will use this knowledge to create artwork throughout the week. Different artistic techniques including acrylic, mixed media and watercolor will be used to create a personal portfolio. The end of the week will culminate in an art show where the students will present their work.

- **Instructor:** Melanie Brannan, Local Artist
- **Dates:** Week 6 – July 6-10
- **Times:** 9:00am - 12:00pm
- **Location:** Midway Campus
- **Cost:** \$250

A BOY'S WORLD!

Grades: K-4

This camp is where "boys can be boys." By the end of the fun-filled week the boys will have built a bond of brotherhood that will last all summer! This will be a week of awesome team building activities: "minute to win it" challenges, physical

education games, outdoor water time, a food fight and other cool activities. To top it off, we end the week with all you can eat pizza and a game truck!!

- **Instructor:** Jason Baldwin, The Hockaday School
- **Dates:** Week 3 – June 15-19
Week 8 – July 20-24
- **Times:** 9:00am - 3:30pm
- **Location:** Midway Campus
- **Cost:** \$350

BUBBLE-LOGY

Grades: PreK-2

Love bubbles? If so, then this camp is for you! We will do all things bubbles in this camp from simply blowing bubbles on a sunny day to making homemade bubble gum. Make your very own wands and bubble solution. Bet you didn't think bubbles could glow or that you could hold a bubble? You will learn all of that and more!

- **Instructor:** Jason Baldwin, The Hockaday School
- **Dates:** Week 2 – June 8-12
Week 7 – July 13-17
- **Times:** 9:00am - 12:00pm
- **Location:** Midway Campus
- **Cost:** \$185

CALLING ALL HEROES!

Grade: PreK

Come dressed in your favorite superhero clothes and leave your secret identities behind for a week of heroic fun. You'll need to bring your courage and crime solving powers to help rescue Mrs. Knodel who has been captured by the diabolical League of Evil.

- **Instructor:** Parish Episcopal School Staff
- **Dates:** Week 11 – August 3-7
- **Times:** 9:00am - 3:30pm
- **Location:** Hillcrest Campus
- **Cost:** \$295

CARGO OF GAMES

Grades: K-2

We will play dozens of exciting games from all over the world. From North America's tee ball to Africa's mbube, mbube circle game to the Scottish Highlands' caber toss, students will learn about the history and culture of each game. Individual, partner, small group and team games will be included in addition to a bit of art, music and dance.

Our main goal is to have fun as we learn about the universality of games.

- **Instructor:** Tom Dewell, Parish Episcopal School
- **Dates:** Week 9 – July 27-31
Week 10 – August 3-7
- **Times:** 12:30 - 3:30pm (Week 9),
9:00am - 12:00pm (Week 10)
- **Location:** Hillcrest Campus
- **Cost:** \$185

CHESS

Grades: K-12, classification based on skill level not grade

● **Beginners:** Students will be introduced to the world of chess. Here they will learn piece movement, tactics such as pins, skewers, forks, double attacks, discovered checks, double checks, and how to check-mate with a combination of various pieces. The students will learn how to develop their pieces in such a way that they will work as a cohesive unit. They will learn how to score (write down their moves) so that they can review and improve their play.

● **Intermediate:** Chess clocks will be used at this level. Students will be introduced to the world of chess and tournament play. Here they will learn piece movement, tactics such as pins, skewers, forks, double attacks, discovered checks, double checks, and how to check-mate with a combination of various pieces. Students will learn how to develop their pieces in such a way that they will work as a cohesive unit. They will learn to score and review their plays.

● **Masters Study:** Students will be asked to complete chess problems. We will study games from the great Masters as well learn various opening schemes. These skills will help players who participate in local as well as national chess tournaments.

- **Instructor:** Mr. B Chess
- **Dates:** Week 3 – June 15-19
Week 8 – July 20-24
- **Times:** 9:00am - 12:00pm
- **Location:** Midway Campus
- **Cost:** \$275

CHRISTMAS IN JULY

Grades: 1-4

"Jingle Bells, Jingle Bells." If you can't wait until December for Christmas, then

you are in luck! Create Christmas-themed art and crafts. Make some festive Christmas cookies and hang your stocking with care. You might even get to meet Santa!

- **Instructor:** Jason Baldwin, The Hockaday School
- **Dates:** Week 6 – July 6-10
- **Times:** 9:00am - 12:00pm
- **Location:** Midway Campus
- **Cost:** \$185

CLAY AND MORE CLAY

Grades: 2-5

During the first week of camp we will make things out of clay, and during the second week, we will decorate the fired clay pieces with paint or glaze. Projects will include a relief sculpture, a modeled in-the-round sculpture, a constructed box, a small world (for small creatures), and some fun surprises!

- **Instructor:** Susan Waddington, Parish Episcopal School
- **Dates:** Weeks 2-3 – June 8-19
- **Times:** 12:30 - 3:30pm
- **Location:** Midway Campus
- **Cost:** \$360

CLIFFORD'S CALAMITIES

Grades: PreK-K

Join Emily Elizabeth and T-Bone as you go on different adventures each day with Clifford the Big Red Dog. The Clifford books teach many valuable lessons, and we will use these books to shape our daily activities. Each day we will read one of Clifford's adventures, discuss the lesson, put it into practice with hands on activities, and create a craft. You'll feel as if you have become part of the story!

CONTINUED FROM PREVIOUS PAGE

- Instructor: Jessica Warren, Parish Episcopal School
- Dates: Week 5 – June 29-July 3
- Times: 12:30 - 3:30pm
- Location: Midway Campus
- Cost: \$185

COOKING ON THE FARM

Grades: PreK-K

Calling all young farmers! Snap and cook fresh green beans; prepare butter to go on homemade biscuits; find out where we get milk. Learn all about a working farm as you explore literature, arts and cooking.

- Instructor: Kelly Lee, Parish Episcopal School
- Dates: Week 5 – June 29-July 3
- Times: 9:00am –12:00pm
- Location: Midway Campus
- Cost: \$185

COOKING WITH BOOKS KIDS ADORE!

Grades: PreK-K

Come join us on the tasty journey of cooking and literary fun! We will use math, science and language skills to

explore classic titles, from *Stone Soup* and *If You Give a Pig a Pancake* to *Green Eggs & Ham* and *Blueberries for Sal*. As we explore these tasty titles, we'll also cook and bake dishes that pair perfectly with each book.

- Instructor: Jason Baldwin, The Hockaday School
- Dates: Week 10 – August 3-7
- Times: 9:00am - 12:00pm
- Location: Hillcrest Campus
- Cost: \$185

CURSIVE HANDWRITING PROGRAM

Grades: 3-12

SPOTS utilizes a multi-sensory teaching approach using tactile, kinesthetic, visual, verbal and olfactory systems in order to reinforce the stroke pattern. Students learn the motor plan for each letter group so that letter formations become automatic. This frees the student to focus on written expression rather than writing mechanics.

- Instructor: SPOTS Occupational Therapists
- Dates: Week 3 – June 15-19
Week 4 – June 22-26
Week 7 – July 13-17
Week 8 – July 20-24
- Times: 12:30 - 2:00pm
- Location: Midway Campus
- Cost: \$295

DISCOVERY KIDS WITH PUTERBUGS

Grades: PreK-K

Discovery Kids Puterbugs combines screen time with hands on learning to provide your child with an interactive learning experience. Introduce your child to important STEM (science, technology, engineering, math) skills as they learn letters, keyboarding, reading and writing. Children love that there are brand-new computer missions at places like File Farm and Cyber Stadium to solve every class. STEM activities will enhance each lesson daily. Families can also extend the learning at home with free access to the Puterbugs website.

- Instructor: Keyboard Kids
- Dates: Week 1 – June 1-5
Week 2 – June 8-12
- Times: 12:30-3:30pm (Week 1)
9:00am-12:00pm (Week 2)
- Location: Midway Campus
- Cost: \$250

¡DIVIÉRTANSE CON EL ESPAÑOL!

Grades: PreK-K

This camp will focus on introducing very young learners to the Spanish language. Daily activities will include songs, games, storytelling and craft making that are all related to early language acquisition. There will be different lessons each week so join us for one week or all three!

- Instructor: Ricka Escobar, Parish Episcopal School
- Dates: Week 3 – June 15-19
Week 4 – June 22-26
Week 7 – July 13-17
- Times: 9:00am - 12:00pm (Weeks 3 and 7)
12:30 - 3:30pm (Week 4)
- Location: Midway Campus
- Cost: \$185

DOCTORS IN TRAINING - LEVEL UP VILLAGE

Grades: 3-6

Learn about human body systems and disease through dissections of a frog, grasshopper, earthworm, snake, shark and more! Here's an opportunity to join a local physician on an exploration of the real life application of learning about biology and the human body. Our global

"doctors in training" wield their own scalpels and even learn about bacteria and viruses by swabbing their own hands and watching what grows from the cultures! Students get a first-hand look at what research or direct practice in the medical world might be like and communicate about their findings with students across the globe.

- **Instructor:** Tracie Román, Parish Episcopal School
- **Dates:** Week 6 – July 6-10
- **Times:** 12:30 - 3:30pm
- **Location:** Midway Campus
- **Cost:** \$375

DRAWING ANIMALS

NEW

Grades: 2-6

Learn to draw all kinds of animals from around the world using colored pencils, pastels, charcoal and more. Have fun sketching a variety of animals in their natural habitats and in fun imagined landscapes.

- **Instructor:** Ingrid Geisler, Parish Episcopal School
- **Dates:** Week 7 – July 13-17
- **Times:** 12:30 - 3:30pm
- **Location:** Midway Campus
- **Cost:** \$225

FINE MOTOR MANIPULATIVES

Grades: PreK, K-2

Prepare for pre-writing and writing activities as you cut, paint, squeeze, pound and more. We have just the right tools for you to strengthen the muscles in your hands. Get a grip on your fine motor skills! Kindergarten through second grade students take part 1, part 2 or both depending on your schedule.

- **Instructor:** Jessica Warren (PreK) and Kelly Lee (K-2), Parish Episcopal School
- **Location:** Midway Campus
- **Cost:** \$185/half-day

GRADE PreK

- **Dates:** Week 3 – June 15-19
- **Times:** 12:30 - 3:30pm

GRADES K-2

- **Dates:** Week 3 – June 15-19 (Part 1)
Week 6 – July 6-10 (Part 2)
- **Times:** 9:00am - 12:00pm

FOR GIRLS ONLY!

NEW

Grades: 1-4

Come hang out with your best friends as we spend the week making memories! From the girly girl to the tomboy, this camp has something for each girl. We will craft, make jewelry and have a dance party. At the end of the week, we will play in a game truck and have an epic food fight. This is your camp and you will help decide what we do each day. Girls rule!

- **Instructor:** Lee Ann Cotten, Parish Episcopal School
- **Dates:** Week 4 – June 22-26
- **Times:** 9:00am - 3:30pm
- **Location:** Midway Campus
- **Cost:** \$350

FRENCH ART AND COOKING

NEW

Grades: 2-5

Bonjour! Join us on a culinary and visual journey through France. Rich in art and food, the French have contributed greatly to both traditions. In this class we will make crepes, beignets, soufflé and croissants, and we will create impressionist watercolors, collage and acrylic paintings. Students will keep a journal to chronicle their journey, keep recipes, and write their reflections.

- **Instructor:** Michelle Noah, First Baptist Academy
- **Dates:** Week 4 – June 22-26
- **Times:** 12:30 - 3:30pm
- **Location:** Midway Campus
- **Cost:** \$250

FUN WITH PHONICS

Grades: K-2

This class will help teach phonics and the structure of the English language.

CONTINUED ON NEXT PAGE

CONTINUED FROM PREVIOUS PAGE

This highly phonetic alphabet program teaches reading, handwriting, spelling, and oral and written expression skills by engaging the visual, auditory and tactile-kinesthetic modalities simultaneously. Each class is structured to include ten different activities taught in the same daily sequence, deliberately alternating modalities. Join us for a multisensory approach to letters and sounds! Take Part 1, Part 2 or both depending on your schedule.

- **Instructor:** Kelly Lee, Parish Episcopal School
- **Dates:** Week 3 – June 15-19 (Part 1)
Week 6 – July 6-10 (Part 2)
- **Times:** 12:30 - 3:30pm
- **Location:** Midway Campus
- **Cost:** \$185

GET READY FOR PREK 1

Grade: PreK 1

Jump start your child's educational journey at Parish Episcopal School! This camp is set up to help your new Prek 1 student acclimate to the schedule and rhythm of Prek 1. Students will create art projects, develop math skills through a multi-sensory approach using Everyday Math, make observations in our science center and practice pre-reading skills.

- **Instructor:** Emma Rodgers and Cathy Coleman, Parish Episcopal School
- **Dates:** Week 9 – July 27-31
- **Times:** 9:00am - 12:00pm
- **Location:** Hillcrest Campus
- **Cost:** \$250

GET READY FOR PREK 2

Grade: PreK 2

Enjoy this opportunity to practice pre-reading skills with emphasis on phonemic awareness, rhyming and letter recognition. Make observations in our science center and develop math skills through a multi-sensory approach using Everyday Math. This camp will help your child learn the routines, build self-confidence, and acquire skills which will serve as a springboard to a successful PreK 2 year. It will be a great opportunity to make new friends before the first day of school.

- **Instructor:** Parish Episcopal Faculty
- **Dates:** Week 9 – July 27-31
- **Times:** 9:00am - 12:00pm
- **Location:** Hillcrest Campus
- **Cost:** \$250

GET READY FOR KINDERGARTEN

Grade: K

This camp for incoming Parish kindergartners provides the opportunity to practice pre-reading skills with added emphasis on phonemic awareness, auditory discrimination and phonics. Students will also develop math skills through a multi-sensory approach using Everyday Math. In addition, students will learn the routines, organizational skills and listening skills that will build success in kindergarten and beyond.

- **Instructor:** Kelly Lee, Parish Episcopal School
- **Dates:** Week 9 – July 27-31
- **Times:** 9:00am - 12:00pm
- **Location:** Hillcrest Campus
- **Cost:** \$250

GET READY FOR PRIMER

Grade: Primer

This camp for incoming Parish Primer students provides the opportunity to practice pre-reading skills with added emphasis on phonemic awareness, auditory discrimination and phonics. Students will also develop math skills through a multi-sensory approach using Everyday Math. In addition, students will learn the routines, organizational skills and listening skills that will build success in Primer year and beyond.

- **Instructor:** Parish Episcopal School Staff
- **Dates:** Week 9 – July 27-31
- **Times:** 9:00am - 12:00pm
- **Location:** Hillcrest Campus
- **Cost:** \$250

GET READY FOR FIRST GRADE

Grade: 1

Soar into first grade with this opportunity to practice pre-reading skills with added emphasis on phonemic awareness, auditory discrimination and phonics. Develop math skills through a multisensory approach using Everyday Math. Students will learn the routines, organizational skills and listening skills that will build their success in first grade and beyond.

- **Instructor:** Mollie Farester, Parish Episcopal School
- **Dates:** Week 9 – July 27-31
- **Times:** 9:00am - 12:00pm
- **Location:** Hillcrest Campus
- **Cost:** \$250

GET READY FOR SECOND GRADE

Grade: 2

Get a jump start on second grade as we take this week to focus on math, reading and writing. We will work on review and enrichment with a multitude of activities. Games and computer software will be used to reinforce Everyday Math, to practice math facts, and to expand problem-solving skills. We will use rich literature to strengthen reading and comprehension skills along with oral and written language skills. Expand writing abilities as students work on phonics, spelling, word attack skills and grammar.

- **Instructor:** Brooke Blair, Parish Episcopal School
- **Dates:** Week 9 – July 27-31
- **Times:** 9:00am - 12:00pm
- **Location:** Hillcrest Campus
- **Cost:** \$250

GET READY FOR THIRD GRADE

Grade: 3

Students will strengthen their reading and comprehension skills along with oral and written language skills. Students will work on phonics, spelling, word attack skills and grammar in order to expand their writing abilities. Join us for a multitude of marvelous math activities for review and enrichment. Games will be used to reinforce Everyday Math, practice math facts, and expand problem-solving skills. Students will explore the Midway campus

and become more comfortable with their new surroundings prior to the first day of school.

- **Instructor:** Lee Ann Cotten, Parish Episcopal School
- **Dates:** Week 9 – July 27-31
- **Times:** 12:30 - 3:30pm
- **Location:** Midway Campus
- **Cost:** \$250

GET READY FOR FOURTH GRADE

Grade: 4

Students will work on phonics, spelling, word attack skills and grammar in order to expand their writing abilities. Join us for a multitude of math activities for review and enrichment. Games will be used to reinforce Everyday Math, practice math facts and expand problem-solving skills. We work towards stronger reading and comprehension along with oral and written language skills. Students will explore the Midway campus and become more comfortable with their surroundings prior to the beginning of school.

- **Instructor:** Lea Ray, Parish Episcopal School
- **Dates:** Week 9 – July 27-31
- **Times:** 12:30 - 3:30pm
- **Location:** Midway Campus
- **Cost:** \$250

GIRLS LEARNING CODE: IMAGE EDITING & ANIMATION

Grades: 3-5

Through this hands-on learning experience, girls will discover how to use Pixlr, a browser based image editing software and Scratch, a beginner level programming environment. Girls with an artistic and creative passion will love exploring their skills in a technological way. They will have the opportunity to upload their animations for everyone to see!

- **Instructor:** High Tech Kids
- **Dates:** Week 3 – June 15-19
- **Times:** 9:00am - 12:00pm
- **Location:** Midway Campus
- **Cost:** \$235

GOOGLE SKETCHUP

Grades: 4-12

Students will learn to use Google Sketchup to bring their dreams to life. With this

3D modeling software you can make buildings, whole towns or tiny bolts to scale. We will finish by making a video fly through of our imagined world that you can share with your friends and family.

- **Instructor:** Ingrid Geisler, Parish Episcopal School
- **Dates:** Week 8 – July 20-24
- **Times:** 12:30 - 3:30pm
- **Location:** Midway Campus
- **Cost:** \$225

GRASP & PRE-GRAPHICS

Grade: PreK

SPOTS offers a pre-graphic/grasp program for development of hand skills associated with fine motor, handwriting and drawing. This program will help prepare PreK students for more vigorous work production in Kindergarten.

- **Instructor:** SPOTS Occupational Therapists
- **Dates:** Week 3 – June 15-19
Week 4 – June 22-26
Week 7 – July 13-17
Week 8 – July 20-24
- **Times:** 9:00am - 10:30am
- **Location:** Midway Campus
- **Cost:** \$295

GREEN THUMB

Grade: PreK

Put on your gardening gloves and roll up your sleeves as we unlock the mysteries of plants and how to grow them in this agricultural adventure. From home gardening to Venus fly traps to composting, you'll be amazed at the fun and practicality of this camp.

- **Instructor:** Parish Episcopal School Staff
- **Dates:** Week 13 – August 24-26
- **Times:** 9:00am – 3:30pm
- **Location:** Hillcrest Campus
- **Cost:** \$180

HEALTHY COOKING

Grades: 1-4

Students in this fun class will learn to make healthy snacks and discuss healthy food choices. We'll talk about a balanced diet, portion sizes, and why eating your greens is so important! After the week is over, they will know how to make a meal at home (with a bit of parents' help).

- **Instructor:** Christy Logan, Culinary Professional

- **Dates:** Week 1 – June 1-5
- **Times:** 12:30 - 3:30pm
- **Location:** Midway Campus
- **Cost:** \$225

HINDI CONVERSATIONAL LANGUAGE PROGRAM

Grades: 3-12

Study elementary conversational Hindi. The workshop covers foundations of Hindi grammar and vocabulary as well as exercises to actively practice using conversational exercises and interaction. This class focuses on conversational aspects of Hindi in a spoken setting as well as fundamentals of the Hindi alphabet.

- **Instructor:** Apollo Tutors
- **Dates:** July 6-31, August 3-21
- **Times:** MWF 12:30 - 1:30pm (Enjoy a morning camp and then study Hindi) or TTh 10:30am - 12:00pm (Take Hindi then a camp in the afternoon!)
- **Location:** Midway Campus
- **Cost:** July \$325, August \$250 (includes materials)

HALLOWEEN CAMP

Grades: K-4

Boo! Do you love Halloween? If so, you will love this spooky camp! We will create all types of Halloween arts, crafts and cooking projects. We will design and make costumes for a parade plus trick or treating and a *haunted house*!

- **Instructor:** Jason Baldwin, The Hockaday School
- **Dates:** Week 5 - June 29-July 3
- **Times:** 9:00am - 12:00pm
- **Location:** Midway Campus
- **Cost:** \$185

HOLIDAYS AROUND THE WORLD

Grades: PreK-K

Children in every country enjoy holidays. Through songs, stories, art and crafts, we will explore different types of festivities from Europe, Asia, South America and Africa. Come join the celebration!

- **Instructor:** Kelly Lee, Parish Episcopal School
- **Dates:** Week 4 - June 22-26
- **Times:** 12:30 - 3:30pm
- **Location:** Midway Campus
- **Cost:** \$185

ICKY, SQUISHY, GOOEY SCIENCE

Grades: PreK-K, 1-4

Campers get to explore science in a curious, hands-on way. Learn about liquids and solids while making your

very own soap. How do you make lotion? What happens when you mix glue and shaving cream? Warning: things may get a bit messy, but that's part of the fun and learning! Take Part 1, Part 2 or both depending on your schedule.

- **Instructor:** Jessica Warren (PreK-K) and Brooke Blair (1-4), Parish Episcopal School
- **Dates:** Week 2 - June 8-12
- **Times:** 9:00am - 12:00pm (Part 1)
12:30 - 3:30pm (Part 2)
- **Location:** Midway Campus
- **Cost:** \$185/half-day, \$370/full-day

INTERACTIVE METRONOME - PRIVATE LESSONS

Grades: 3-12

The Interactive Metronome (IM) is a research-based training program that helps students overcome attention, memory and coordination limitations. IM's game-like auditory-visual platform engages the student and provides constant feedback at the millisecond level to promote synchronized timing in the brain. Exercises are customized and involve a hierarchy of increasingly complex and precisely timed motor movements intertwined with gradually higher and faster cognitive processing, attention and decision-making. It is the only neuromotor therapy tool that can be used successfully with all students. This program is a neuro-intensive that is individually scheduled based on baseline skills and availability. It is

overseen and programmed by a licensed occupational therapist certified in the IM program. Students who would benefit from IM therapy include those diagnosed with:

- Reading Disorders
- Auditory Processing Disorders
- ADHD
- Dyslexia
- Non-Verbal Learning Disorders

Attention all athletes. This program is used by professional athletes to acquire and maintain optimal athletic skills.

- **Instructor:** SPOTS Occupational Therapists
- **Dates:** Private Lessons
- **Times:** Private Lessons
- **Location:** Midway Campus
- **Cost:** Scheduled on an individual basis through the SPOTS clinic (972) 404-1718.

INTRODUCTION TO GAME DESIGN WITH SCRATCH

Grades: 2-5

Have you ever wished you could create your very own computer game? In this camp you will get to do just that! Students will learn to create a unique computer game using Scratch, a programming language developed by MIT Media Lab. Students will learn how to program characters, build a game world, and watch their game come to life. Coding in Scratch is much easier than in traditional programming languages and will lay a solid foundation for our advanced game design courses. Students will be given a Scratch login so they can save their games to their account and can continue expanding their game or create new games following the conclusion of camp.

- **Instructor:** High Tech Kids
- **Dates:** Week 1 - June 1-5
- **Times:** 9:00am - 12:00pm
- **Location:** Midway Campus
- **Cost:** \$235

INTRODUCTION TO WEB DESIGN & PHOTOGRAPHY

Grades: 3-6

Use a camera and learn the building blocks of web design! Import your photos into the website you have designed and then share your creation with your friends and family. Adobe Flash® concepts may be introduced based on a student's progress throughout the week. Internet etiquette and

safety will be discussed and enforced. Requirements: Students are asked to bring a camera, if they have one. Bring a Flash Drive.

- Instructor: High Tech Kids
- Dates: Week 5 – June 29-July 3
- Times: 12:30 - 3:30pm
- Location: Midway Campus
- Cost: \$235

INTRODUCTION TO WEB DESIGN & PHOTOGRAPHY – FOR GIRLS ONLY!

Grades: 3-6

Use a camera and learn the building blocks of web design! Import your photos into the website you have designed and then share your creation with your friends and family. Adobe Flash® concepts may be introduced based on a student's progress throughout the week. Internet etiquette and safety will be discussed and enforced. Requirements: Students are asked to bring a camera, if they have one. Bring a Flash Drive.

- Instructor: High Tech Kids
- Dates: Week 4 – June 22-26
- Times: 12:30 - 3:30pm
- Location: Midway Campus
- Cost: \$235

IT'S EASY BEING GREEN

Grades: K-2

Get ready to reduce, reuse and recycle! This class will teach kids how to incorporate green choices into their everyday lives. We will talk about natural resources and how our actions impact our planet. Participants will become environmental champions as they create eco-friendly art, make a green

cookbook, and learn all about recycling.

- Instructor: Kelly Lee, Parish Episcopal School
- Dates: Week 5 – June 29-July 3
- Times: 12:30 - 3:30pm
- Location: Midway Campus
- Cost: \$185

KANDINSKY DOODLES AND MORE MONDRIAN

Grades: 1-6

Students' imaginations will be stretched by creating original art based on the styles of modern day masters. Each day will be a different exploration of art using many different mediums including 3-D and reclaimed materials.

- Instructor: Melanie Brannan, Local Artist
- Dates: Week 8 – July 20-24
- Times: 9:00am - 12:00pm
- Location: Midway Campus
- Cost: \$250

KIDS CAMPING 101

Grades: 2-4

Plan a campout, learn about camp safety, supplies and setup. You will have a chance to cook camp food, learn camp songs, study nature and play camp games. Please bring a small backpack, sunscreen, bug repellent, sunglasses, a floppy hat or cap, bandana, an energy bar, a water bottle with water, and a small notebook and pencil.

- Instructor: Tom Dewell and Kathy Ross, Parish Episcopal School
- Dates: Week 2 – June 8-12
- Times: 9:00am - 12:00pm
- Location: Midway Campus
- Cost: \$185

KINDERGARTEN MATH SKILLS

Grades: PreK-K

PreK and K students will have fun this summer honing their math skills through songs, stories and math centers filled with building, measuring, and comparing and estimation activities. Our focus will be on number recognition, place value, addition and subtraction, patterns,

graphs, time, and money.

- Instructor: Kelly Lee, Parish Episcopal School
- Dates: Week 7 – July 13-17
- Times: 12:30 - 3:30pm
- Location: Midway Campus
- Cost: \$185

KINDERGARTEN WRITING WORKSHOP

Grade: K

Kindergarten students will have fun creating and publishing their own books. Summer is a great time to get creative thoughts on paper and work on sentence structure and forming words. We will create many types of books during Writing Workshop as we work together to become great authors and illustrators!

- Instructor: Kelly Lee, Parish Episcopal School
- Dates: Week 7 – July 13-17
- Times: 9:00am - 12:00pm
- Location: Midway Campus
- Cost: \$185

LEGO® BECOME A MASTER BUILDER

Grades: 1-4

This class will focus on discovering the many treasures in the LEGO® sets you may already have. Campers will use thousands of basic and Technic LEGO® bricks to discover, create and connect different models to design new creations. LEGO® Fact: With just 6, 2x4 bricks you can make 915,103,765 different combinations, and that's with the same color!

- **Instructor:** Michael Calahan, It's Rocket Science
- **Dates:** Week 10 – August 3-7
- **Times:** 12:30 - 3:30pm
- **Location:** Hillcrest Campus
- **Cost:** \$275

LEGO® BUILDING AND MACHINES

Grades: PreK-1

Our building and machines camp is a fun and innovative way to explore and learn with LEGO® DUPLO®. Campers will combine levers, wheels, axles, gears and pulleys to help make special machines and awesome buildings. The projects allow the children to explore and alter the movement of appropriately scaled machines they may see every day. Class activities include a building crane, transport truck and more. Please bring a snack.

- **Instructor:** Michael Calahan, It's Rocket Science
- **Dates:** Week 1 – June 1-5
- **Times:** 9:00am - 12:00pm
- **Location:** Midway Campus
- **Cost:** \$260

THE LEGO® CAVE AND MINECRAFT

Grades: 3-6

Venture into The Cave on a dangerous quest for vital resources! Wield the iron pickaxe to dig and battle against hostile zombies and spider mobs. Blast out valuable ores and minerals with the TNT and combine the flowing water and lava to create precious obsidian! When you're done battling and mining, restore your energy levels with the chest of bread. Proceed with caution! Rebuild the set for more LEGO® Minecraft creations! Work with your team to combine building with legos in the series to create your own virtual LEGO® Minecraft world!

- **Instructor:** High Tech Kids
- **Dates:** Week 2 – June 8-12
- **Times:** 9:00am - 12:00pm
- **Location:** Midway Campus
- **Cost:** \$235

LEGO® EV3

Grades: 3-5

Imagine, create and build with new LEGO® MINDSTORMS® EV3 (third generation Evolution) robotics kit! Kids will build remote controlled robots and use an iPad or smart device to control the robot! Combining the versatility of the LEGO® building system, a powerful microcomputer brick, and intuitive drag-and-drop programming software, this adventure will have you and your team creating cool robots on your first day. All robots and laptops are supplied for class use.

- **Instructor:** High Tech Kids
- **Dates:** Week 2 – June 8-12
- **Times:** 12:30 - 3:30pm
- **Location:** Midway Campus
- **Cost:** \$235

LEGO® EV3 BASICS & BEYOND

Grades: 3-8

Welcome to the awesome and innovative LEGO® EV3 MINDSTORMS® super robot. The Basics and Beyond class

will teach students basics of the EV3 for building and programming. All robots and laptops are supplied for class use.

- **Instructor:** Michael Calahan, It's Rocket Science
- **Dates:** Week 2 – June 8-12
- **Times:** 12:30 - 3:30pm
- **Location:** Midway Campus
- **Cost:** \$350

LEGO® EV3 COMPETITION TRAINING

Grades: 3-8

The Competition class is all about taking the EV3 to the next level, which is competing on obstacles and completing challenges. Whether it's your first time working with the EV3 or you have experience, this class will improve your skills. FIRST LEGO® League welcomed. All robots and laptops are supplied for class use.

- **Instructor:** Michael Calahan, It's Rocket Science
- **Dates:** Week 7– July 13-17
- **Times:** 12:30 - 3:30pm
- **Location:** Midway Campus
- **Cost:** \$350

LEGO® MY LEGO CITY

Grades: PreK-1

My LEGO® City will allow the student to plan a city with houses, farms, a hospital and more. Come play with LEGO® DUPLO® blocks and create a community all your own!

- **Instructor:** Michael Calahan, It's Rocket Science
- **Dates:** Week 10 – August 3-7
- **Times:** 9:00am - 12:00pm
- **Location:** Hillcrest Campus
- **Cost:** \$260

LEGO® “TECHNIC” BASIC ENGINEERING

Grades: 1-6

Students will apply the principles of levers, gears, pulleys, form and function to construct LEGO® models that can be transformed and further explored to maximize the discovery of how technology works first hand. Students will also work in teams to create fun and exciting models like sweeper cars, block and tackle fishing rods and much more while learning fundamental concepts in science and technology. This class is awesome!

- **Instructor:** Michael Calahan, It's Rocket Science
- **Dates:** Week 1 – June 1-5
- **Times:** 12:30 - 3:30pm
- **Location:** Midway Campus
- **Cost:** \$275

LEGO® SUPER CARS

Grades: 1-6

These sessions will focus on building multiple super cars using LEGO® Technic elements to help make them super awesome! Students will make custom creations using suspension pull back racers and a six speed competition dragster motor car. The projects will allow students to use LEGO® elements to help explore basic and advanced engineering principles.

- **Instructor:** Michael Calahan, It's Rocket Science
- **Dates:** Week 2 – June 8-12
- **Times:** 9:00am - 12:00pm
- **Location:** Midway Campus
- **Cost:** \$275

LEGO® WEDO “MACHINES AND ROBOTS”

Grades: 1-6

The LEGO® WeDo ROBOTICS SET is an easy-to-use set that introduces young students to robotics. Students will build LEGO® machines and then add working motors and sensors. Machines can then be programmed to become a controllable robot. Campers will create fun creatures, custom cars, custom air craft and more. Students will explore theme-based activities in teams while

developing skills in science, technology, engineering and mathematics, as well as language and literacy.

- **Instructor:** Michael Calahan, It's Rocket Science
- **Dates:** Week 7 – July 13-17
- **Times:** 9:00am - 12:00pm
- **Location:** Midway Campus
- **Cost:** \$295

MANDARIN CHINESE CONVERSATIONAL LANGUAGE PROGRAM

Grades: K-9

Study elementary conversational Mandarin Chinese for non-native speakers. Agatha Chen teaches this increasingly popular language to students with an emphasis on conversation. Chen has been part of the Educational Training Program for Teaching Mandarin and has been a Star Talk teacher.

- **Instructor:** Agatha Chen
- **Dates:** July 2-30
- **Times:** TTh 10:30am - 12:00pm (Take Mandarin then a camp in the afternoon!)
- **Location:** Midway Campus
- **Cost:** \$370 (includes materials)

MANUSCRIPT HANDWRITING PROGRAM

Grades: K-2

SPOTS utilizes a multi-sensory teaching approach using tactile, kinesthetic, visual, verbal and olfactory systems in order to reinforce the stroke pattern. The student will learn the motor plan for each letter group so that letter formations become automatic. This skill frees the student to focus on written expression rather than writing mechanics.

- **Instructor:** SPOTS Occupational Therapists
- **Dates:**
 - Week 3 – June 15-19
 - Week 4 – June 22-26
 - Week 7 – July 13-17
 - Week 8 – July 20-24
- **Times:** 10:30am - 12:00pm
- **Location:** Midway Campus
- **Cost:** \$295

MARVELOUS MUD!

Grade: PreK-K

Do you want to play in the mud? This is your chance! Learn the science behind mud, play in “clean” mud and “dirty” mud, read about mud, make a mud pie, and then cook some real mud-themed desserts. Discover why Japanese children and adults are making hikaru dorodango, balls of mud that shine, and then try your hand at making one.

- **Instructor:** Kelly Lee, Parish Episcopal School
- **Dates:** Week 9 – July 27-31
- **Times:** 12:30 - 3:30pm
- **Location:** Hillcrest Campus
- **Cost:** \$185

MIND AND BODY

Grades: PreK, K-2, 3-6

This camp offers fun for both minds and bodies by combining the Mind Lab program endorsed by Yale University with Zumba Kids! The Mind Lab Program is a world-wide innovative methodology for the development of 21st century life skills through the instruction of strategy and thinking games. Our games selection includes more than 250 international award winning board games such as: Quoridor, Rush Hour, Octi, Zoologic, Abalone and many others. We've developed a unique approach that fills the gap between school education and real life challenges by teaching students HOW to think rather than WHAT to think. Zumba Kids routines are packed with specially choreographed routines and the latest music, like hip-hop, reggaeton, cumbia and salsa. Zumba increases kids' focus and self-confidence, boosts metabolism and enhances coordination.

- **Instructor:** Mind Lab and Zumba Kids
- **Location:** Midway Campus (Weeks 3 and 8)
Hillcrest Campus (Week 10)
- **Cost:** \$250

GRADE PreK

- **Dates:** Week 3 – June 15-19
Week 8 – July 20-24
- **Times:** 9:00am - 12:00pm

GRADES K-2

- **Dates:** Week 8 – July 20-24
Week 10 – August 3-7
- **Times:** 12:30 - 3:30pm (Week 8)
9:00am - 12:00pm (Week 10)

GRADES 3-6

- **Dates:** Week 3 – June 15-19
- **Times:** 12:30 - 3:30pm

MINECRAFT GAME DESIGN

Grades: 3-6

Play Minecraft and take the game to the next level with this engaging and addicting world-building game. In this camp, we will use MinecraftEdu and learn how to create new games, design levels and host other players on a server.

- **Instructor:** High Tech Kids
- **Dates:** Week 6 – July 6-10
- **Times:** 12:30 - 3:30pm
- **Location:** Midway Campus
- **Cost:** \$235

MINI PROGRAMMERS LEARNING CODE

Grades: K-2

Kids love to learn and play on their favorite apps, but do they know what makes them work? Even as early as five year old students can learn the programming code that makes computers and their favorite apps come alive. This camp is geared toward young technologically savvy kids, introducing them to coding through games, challenges and exploration. Students will begin their learning adventure by working together to move characters through a maze using visual blocks that are stacked together to write a program. As the students progress, they will be working in smaller groups, with partners, and some will even become comfortable enough to work individually to program their characters to walk, jump, turn, talk and so much more!

- **Instructor:** High Tech Kids

- **Dates:** Week 1 – June 1-5
- **Times:** 12:30 - 3:30pm
- **Location:** Midway Campus
- **Cost:** \$235

MINING MINECRAFT MINDS!

Grades: 3-5

Think Minecraft is just a video game? Think again. The game is being used to teach more than just computer skills. It is all about using both sides of our students' brains in a popular, pixelated, cubed world with dangers and obstacles to overcome using either Minecraft.net or Minecrafteu. This game easily lends itself to STEM explorations. It is not an exaggeration to say that the only limit is imagination.

- **Instructor:** High Tech Kids
- **Dates:** Week 10 – August 3-7
- **Times:** 12:30 - 3:30pm
- **Location:** Midway Campus
- **Cost:** \$235

MORNING CAMP

Grades: PreK, K-6

Start your day with outdoor play and fun games before other camps begin! Care is available each morning beginning at 7:30am if your child is not enrolled in All-Day Camp. Children will be accompanied by a counselor to their specialty classes at the appropriate time.

- **Instructor:** ParishEXTEND staff
- **Dates:** Each week of summer
- **Times:** 7:30 - 9:00am
- **Location:** Midway Campus (Weeks 1-9)
Hillcrest Campus (Weeks 9-13)
- **Cost:** \$35

MUSICAL THEATER CAMP – BROADWAY REVUE

Grades: 3-5

Come work together to make scenes come to life on stage! Learn about the theater and perform for friends and family on the final day of class. This class includes singing, dancing and acting. All levels of experience are welcome. Sign up early as space is limited.

- **Instructor:** Stephanie Wulfe, Texas Family Theater, and Parish Episcopal Arts Faculty
- **Dates:** Weeks 4 – June 22-26
- **Times:** 12:30 - 3:30pm
- **Location:** Midway Campus
- **Cost:** \$250

NATIVE AMERICAN GAMES FOR CHILDREN

Grades: K-3

Children will participate in a wide variety of games, activities and skills related to traditional games played by children from the Arctic to Texas – games played by the Eskimo, Sioux, Mandan, Arapaho, Cherokee and Pueblo cultures will be learned. Activities will include tracking, memorizing patterns, basket weaving, building shelters, decorating jewelry with natural materials, storytelling, reading weather and much more. Children will also learn the value of independence, belonging, mastery and generosity in Native American culture.

- **Instructor:** Tom Dewell, Parish Episcopal School

- **Dates:** Week 2 – June 8-12, Week 5 – June 29-July 3
- **Times:** 12:30 - 3:30pm (Week 2) 9:00am - 12:00pm (Week 5)
- **Location:** Midway Campus
- **Cost:** \$185

OH THE PLACES YOU'LL GO!

Grades: PreK-K

"The more you read, the more things you'll know. The more you learn, the more places you'll go." Join us as we read Dr. Seuss books and participate in quirky, colorful and inspiring activities. We will use the playful rhymes, imaginative landscapes and powerful message of each book to inspire the love of learning in each child.

- **Instructor:** Brooke Blair, Parish Episcopal School
- **Dates:** Week 9 – July 27-31
- **Times:** 12:30 - 3:30pm
- **Location:** Hillcrest Campus
- **Cost:** \$185

OUR AMAZING BODIES

Grades: K-2

Human anatomy and physiology for little ones! Learn a whole new meaning to what it takes to make the human body function. Students will explore the intricate network of blood vessels beneath the skin, identify hot and cool points of the body through the color-coded image of a thermal camera, engage in a multimedia game that illustrates how lifestyle choices can affect life expectancy, and explore movement through motion-capture technology. What happens to a bone without calcium? How much air will your lung hold? How much does the average brain weigh? We will find answers to these questions and investigate the answers to some of your own questions. Take Part 1, Part 2 or both depending on your schedule.

- **Instructor:** Kelly Lee, Parish Episcopal School
- **Dates:** Week 8 – July 20-24
- **Times:** 9:00am - 12:00pm (Part 1), 12:30 - 3:30pm (Part 2)
- **Location:** Midway Campus
- **Cost:** \$185/half-day, \$370/full-day

PAINTING ACRYLIC MASTERPIECES

Grades: 1-6

There's an artist in everyone! During this

weeklong class we will recreate some of the greatest paintings from artists such as Van Gogh, Matisse, Picasso and more. Each day the students will learn about a different master and take home a completed acrylic painting.

- **Instructor:** Melanie Brannan, Local Artist
- **Dates:** Week 7 – July 13-17
- **Times:** 9:00am - 12:00pm
- **Location:** Midway Campus
- **Cost:** \$250

PHONEMIC AWARENESS FUN

Grades: PreK-K

Children work on isolating phonemes; the individual sounds that make up words. Phonemic awareness is a pre-reading skill that is the base for future reading success. Have fun isolating beginning, medial and ending sounds. Children who are ready will manipulate the sounds, blend and segment the sounds into spoken and written words.

- **Instructor:** Kelly Lee, Parish Episcopal School
- **Dates:** Week 10 – August 3-7
- **Times:** 9:00am - 12:00pm
- **Location:** Hillcrest Campus
- **Cost:** \$185

POTTERY WHEEL

Grades: 1-4

Students will spend the week learning the potter's wheel. They will glaze their pieces and come home with a collection of food-safe wares.

- **Instructor:** Ingrid Geisler, Parish Episcopal School
- **Dates:** Week 6 – July 6-10
- **Times:** 9:00am - 12:00pm
- **Location:** Midway Campus
- **Cost:** \$250

PRINCESS TEA PARTY

Grades: 1-4

We will make all things princess: crowns, wands, dresses and more. We will spend one day on the potter's wheel to make a cup that we will glaze and fire to be used in our tea party. At the tea party, we will wear everything we made, decorate cookies, and spend the day as princesses in our royal palace.

- **Instructor:** Ingrid Geisler, Parish Episcopal School
- **Dates:** Week 6 – July 6-10
- **Times:** 12:30 - 3:30pm
- **Location:** Midway Campus
- **Cost:** \$250

PRINTMAKING

Grades: 3-7

Most art is the product of one, but printmaking allows artists to make multiple versions of their work. During this class we will use different surfaces to craft our prints including foam, wood, cardboard and linoleum. Students will be given instruction on cutting, etching, carving or drawing a design into a plate. They will learn how to apply ink or paint to the plate, press the paper, and transfer the image. Each artist will compile their completed pieces into a printmaking portfolio which will showcase their work from the week.

- **Instructor:** Michelle Noah, First Baptist Academy
- **Dates:** Week 1 – June 1-5
- **Times:** 12:30 - 3:30pm
- **Location:** Midway Campus
- **Cost:** \$250

PRIVATE MUSIC

Grades: PreK-12

The summer is a fantastic time to focus on learning a musical instrument, and private music instruction is one of the fastest, most effective ways to improve your skills. Students can choose from a range of instrument and voice lessons and will benefit from one on one instruction. Our private music lessons are offered in 30 minute and one hour blocks of time. We welcome beginner and advanced students. Private music lessons must be scheduled through the ParishEXTEND office in order to coordinate with our

CONTINUED ON NEXT PAGE

CONTINUED FROM PREVIOUS PAGE

instructors' schedules. Please contact Nancy Powers at 972.852.8752 to reserve your time.

- **Instructors:**
Peter Dugga, percussion instruments
Riley King, voice
Alex Mitchakes, guitar
Kathleen Parsons, piano and violin
Mark Ripley, piano
- **Dates:** Available all summer (please call 972.852.8752 to schedule)
- **Times:** Available in 30 minute or 1 hour blocks
- **Location:** Midway Campus
- **Cost:** \$35/half hour, \$70/hour

PROGRAMMING ROBOTS - EV3, VEX AND SPHERO ROBOTICS BALL

Grades: 3-5

Yes, it really is making robots. But along with hands-on creation, during this week kids will program the machines using real-world computer-coding languages like Basic, C++, Java and Arduino. Popular kits used at camps include fun, kid-friendly products like LEGO® MINDSTORMS®, Vex Robotics and the Sphero Robotics Ball.

- **Instructor:** High Tech Kids
- **Dates:** Week 7 – July 13-17
- **Times:** 9:00am - 12:00pm
- **Location:** Midway Campus
- **Cost:** \$235

PROGRAMMING WITH SCRATCH

Grades: 1-3

Created by the MIT Media Lab, Scratch is a programming language designed for kids. Join the fun and create and share stories, games, and animation using a super kid-friendly drag-and-drop interface! This camp will take your skills to the next level!

- **Instructor:** High Tech Kids
- **Dates:** Week 5 – June 29-July 3
- **Times:** 9:00am - 12:00pm
12:30 - 3:30pm
- **Location:** Midway Campus
- **Cost:** \$235

RUMBLE IN THE JUNGLE

Grade: PreK

"There is a mystery in the air; there's a whisper in the trees." This favorite

children's book is the starting point for investigation of jungle animals and their habitats. Make a chimpanzee swinging through the trees or a tiger in the night that makes you tremble with fear. Take Part 1, Part 2 or both depending on your schedule.

- **Instructor:** Jessica Warren, Parish Episcopal School
- **Dates:** Week 8 – July 20-24
- **Times:** 9am - 12pm (Part 1)
12:30 - 3:30pm (Part 2)
- **Location:** Midway Campus
- **Cost:** \$185/half-day, \$370/full-day

SANDBOX SCIENCE

Grades: K-2

Bring to life the book "Sandbox Scientist: Real Science Activities for Little Kids" using household items to investigate the world around us! Children will enjoy science experiments, allowing them to be the inquisitive, observant young scientists they were born to be.

- **Instructor:** Kelly Lee, Parish Episcopal School
- **Dates:** Week 7 – July 13-17
- **Times:** 12:30 - 3:30pm
- **Location:** Midway Campus
- **Cost:** \$185

SILLY SCIENCE

Grade: PreK

Inspired by the science experiments of Bill Nye the Science Guy and Steve Spangler, this class is a great way for students to learn about the scientific method. We will mix vinegar and baking soda, create goop and silly putty, and make milk change color! Students will make their hypothesis, conduct the experiments, write down their observations, and draw their conclusions. Take Part 1, Part 2 or both

depending on your schedule.

- **Instructor:** Jessica Warren, Parish Episcopal School
- **Dates:** Week 6 – July 6-10
- **Times:** 9:00am - 12:00pm (Part 1),
12:30 - 3:30pm (Part 2)
- **Location:** Midway Campus
- **Cost:** \$185/half-day, \$370/full-day

SOUNDS OF AFRICA

Grades: 3-8

Join Peter Mugga, former member of the Spirit of Uganda performance ensemble, to learn about instruments and movement from all over the world specifically Africa. Students will use instruments like the African harp, congas, djembes and cajon to create unique musical interpretations and compositions. The program will teach creativity, critical thinking and global awareness of innovative rhythmic

voices. This will be a combination of fun and learning through drumming, dancing and singing which will culminate in a performance on the last day of camp.

- **Instructor:** Peter Mugga, Professional Musician
- **Dates:** Week 2 – June 8-12
Week 6 – July 6-10
- **Times:** 12:30 - 3:30pm
- **Location:** Midway Campus
- **Cost:** \$185

SPACE MONSTERS

Grades: PreK-K

Jump on board as we count-down to blast off! Your imagination will soar as you zoom through the cosmos. We will experiment, make science discoveries, learn about the solar system, create art, listen to books, and even create our own space suits!

- **Instructor:** Kelly Lee, Parish Episcopal School

- Dates: Week 10 – August 3-7
- Times: 12:30 - 3:30pm
- Location: Hillcrest Campus
- Cost: \$185

STEAM: ADDING ART TO STEM

Grades: 1-4

In this camp students will use math and construction toys, real and imaginary inventions and strategy games that require visual thinking. We will have fun with everything from geometric mandala mosaics to towers that can hold bricks!

- Instructor: Susan Waddington, Parish Episcopal School
- Dates: Week 2 – June 8-12
- Times: 9:00am - 12:00pm
- Location: Midway Campus
- Cost: \$225

STRUT YOUR STUFF

Grades: 3-4

This camp introduces and builds on the basic skills of Classical Ballet, Jazz, Contemporary and Lyrical. Dance strengthens skills such as listening, problem solving, group participation, body awareness, eye hand coordination and social interaction, all while having fun! Dance will also improve a young child's confidence, independence and maturity.

- Instructor: Jessica Robinson, Parish Episcopal School, or Jenna Fisher, Frisco High School
- Dates: Week 4 – June 22-26
Week 8 – July 20-24
- Times: 9:00am - 12:00pm
- Location: Midway Campus
- Cost: \$185

TEA PARTY

Grades: 1-6

Students will spend the week making everything they need for a tea party. They will hand build a tea pot, throw cups using the potter's wheel, and make other accessories including a tea tray. They will glaze all of their pieces and will finish the week with an awesome tea party using their own hand-made tea set.

- Instructor: Ingrid Geisler, Parish Episcopal School
- Dates: Week 8 – July 20-24
- Times: 9:00am - 12:00pm
- Location: Midway Campus
- Cost: \$250

TYPING

Grades: 3-12

SPOTS offers a typing class that is small in size and tailored to each student's own level and pace. Focus will be placed on finger dexterity and maintaining home-row key positioning.

- Instructor: SPOTS Occupational Therapists
- Dates: Week 3 – June 15-19
Week 4 – June 22-26
Week 7 – July 13-17
Week 8 – July 20-24
- Times: 2:00 - 3:30pm
- Location: Midway Campus
- Cost: \$295

WATER PURIFICATION – LEVEL UP VILLAGE

Grades: 3-6

Clean water. Nearly one billion people on our planet lack access to it. This class arms young people to be a part of the solution to this crisis.

We begin with an exploration of the unique properties of water. No drop of what we drink of it is a new drop. It has always been in our water cycle. Not to mention water dissolves most basic rules of chemistry. Students explore the special things that water can do at the molecular level using hands-on experiments and 3D kits that make the learning feel more like playing! They explore our global relationship with water through interactions with their partner school students. Together students move from the theoretical to the applicable, constructing a working aquifer to better understand how we get, use and sometimes pollute ground water. Then our young scientists delve into an exploration of the innovations that are part of the solution to our water crisis. They will create two different kinds of water filters as part of that process. Students keep their aquifers at the end of class!

- Instructor: Tracie Román, Parish Episcopal School
- Dates: Week 4 – June 22-26
- Times: 12:30 - 3:30pm
- Location: Midway Campus
- Cost: \$375

¡VIVA ESPAÑOL!

Grades: 1-2

Here's a great opportunity to refresh, practice and reinforce Spanish skills that your child has learned during the school year. Daily activities will include oral language practice through songs, games and storytelling. Students will learn about and explore their favorite Spanish speaking countries. Campers will also create a cultural craft from their learning experiences.

- Instructor: Ricka Escobar, Parish Episcopal School
- Dates: Week 3 – June 15-19
Week 7 – July 13-17
- Times: 12:30 - 3:30pm
- Location: Midway Campus
- Cost: \$185

¡VIVA ESPAÑOL!

Grades: 3-4

Here's a great opportunity to refresh, practice and reinforce Spanish skills that your child has learned during the school year. Daily activities will include oral language practice through songs, games and storytelling. Students will learn about and explore their favorite Spanish speaking countries. Campers will also create a cultural craft from their learning experiences.

- Instructor: Ricka Escobar, Parish Episcopal School
- Dates: Week 4 – June 22-26
- Times: 9:00am - 12:00pm
- Location: Midway Campus
- Cost: \$185

WHERE THE WILD FAUVES ARE!

Grades: 1-5

Fauvism is the style of les Fauves, French for "the wild beasts." Fauvism is known for its expressive, bold, undisguised brushstrokes and vibrant colors directly from the tube. In this class, students will be challenged to create art bursting with color, paint stroke and simplicity. We will examine famous Fauve painters such as Matisse, and we'll use their works to inspire our own masterpieces.

- Instructor: Michelle Noah, First Baptist Academy
- Dates: Week 4 – June 22-26
- Times: 9:00am - 12:00pm
- Location: Midway Campus
- Cost: \$250

3D ANIMATION NEW

Grades: 4-6

By animating their art, kids hone their drawing and writing skills, express their creativity, learn to give and accept feedback, and pick up some potentially valuable career experience. Programs used will be the educationally-oriented programs Animate It! and Go Animate. Kids will learn communication skills, design principles and creative expression. (Requirements: Flash Drive)

- **Instructor:** High Tech Kids
- **Dates:** Week 8 – July 20-24
- **Times:** 9:00am - 12:00pm
- **Location:** Midway Campus
- **Cost:** \$235

style game. You'll plan and write your game's story, design levels, and use objects and characters to fill the game world. Afterward, you'll learn game programming to bring the creation to life, and then publish the game to play at home. This is High Tech Kids' most popular camp! (Intro to Game Design is a preferred prerequisite. Bring a Flash Drive)

- **Instructor:** High Tech Kids
- **Dates:** Week 4 – June 22-26
- **Times:** 9:00am - 12:00pm
- **Location:** Midway Campus
- **Cost:** \$235

3D PRINTING & ENGINEERING – LEVEL UP VILLAGE NEW

Grades: 6-8

Learn about one of the most innovative technologies of our time, 3D printers! Students in this class will learn how to use 2D and 3D Computer Aided Design (CAD) software to create and print a series of awesome designs. Ultimately, students will invent solutions for a major global problem, lack of electricity. Students can expect to take home at least three prints from this course. **BONUS:** Thanks to students taking this class, a group of students living in poverty will join us on this adventure! Students will collaborate with those students living in Asia, through video letter exchanges each week! To learn more about Level Up Village and their Global STEM initiatives see levelupvillage.com.

- **Instructor:** Tracie Román
- **Dates:** Week 2 – June 8-12
- **Times:** 9:00am - 12:00pm
- **Location:** Midway Campus
- **Cost:** \$375

ADVANCED GAME DESIGN: ARCADE STYLE GAMES

Grades: 3-8

Explore computational science through the lens of designing and building your own games. In this advanced game design camp, you'll use Multimedia Fusion 2 software to create complex and fun arcade style, 2-D games while learning principles of design and getting a solid programming foundation. Students will choose a theme for their game, set goals for their character, and design a way for their character to score points. When the games are completed, students can challenge their friends and classmates to play their game. (Intro to Game Design is a preferred prerequisite. Bring a Flash Drive)

- **Instructor:** High Tech Kids
- **Dates:** Week 6 – July 6-10
- **Times:** 9:00am - 12:00pm
- **Location:** Midway Campus
- **Cost:** \$235

ADVANCED GAME DESIGN: PLATFORM STYLE GAMES

Grades: 3-6

In this advanced game design camp, you'll use Multimedia Fusion 2 software to create a complex, multi-level platform

AFTERNOON CAMP

Grades: PreK, K-6

Supervised activities are offered each afternoon from 3:30 - 6:00 pm. Activities include games, arts and crafts, cooking, gym time and outdoor play. Please provide a snack for the afternoon. Children must be signed out by a parent or registered adult at the time of departure.

- **Instructor:** ParishEXTEND staff
- **Dates:** Each week of summer
- **Times:** 3:30 - 6:00pm
- **Location:** Midway Campus (Weeks 1-9), Hillcrest Campus (Weeks 9-13)
- **Cost:** \$75

ALLAKAZZAM MAGIC CAMP

Grades: 3-6

Join Paul Osborne, professional magician, for an incredibly magical experience. Children will learn crafts, acting and history. They will make their own props and perform magic acts. They will learn the history of magic in the theater

and leave the camp with a professional magic kit valued at over one hundred dollars. Mr. Osborne is a creator of magical effects for professional magicians on Broadway, network television, theme parks and Las Vegas productions. Clients have included Peter Pan on Broadway, David Bowie, and David Copperfield. Don't miss this opportunity to learn from the best.

- **Instructor:** Paul Osborne, Osborne Illusion Systems
- **Dates:** Week 8 – July 20-24
- **Times:** 12:30 - 3:30pm
- **Location:** Midway Campus
- **Cost:** \$185

ALL-DAY CAMPS!

Grades: K-3, 4-6
(Junior Counselor Training: Assist with K-3 students)

No "I'm bored" here! Join us as we explore a new theme each week. You will learn, craft, explore and create great summer memories! Arrive early and bring your curiosity and lunch. For assistance building all day options for pre-school aged children, please contact the ParishEXTEND office at 972.852.8752. Please provide a snack for the morning and afternoon. Children must be signed out by a parent or registered adult at the time of departure.

- **Instructor:** ParishEXTEND staff
- **Dates:** Each week of summer – see specific dates/topics below
- **Times:** 7:30am - 6:00pm (You may stay for shorter periods of time by request)
- **Location:** Midway Campus (Weeks 1-8), Hillcrest Campus (Weeks 9-13)
- **Cost:** \$250 per week, \$150 (week 13)

All day camp themes:

- **Week 1 – June 1-5: Are You Ready to Rock?** – Learn how to rock as you make your own instruments and learn a thing or two about music in the process. Form a band and create legendary music during this week of rock and roll fun. Record your songs and impress your fans in this musically themed camp.
- **Week 2 – June 8-12: Wild, Wild West** – Travel back to the days when the west was wild and adventure hid around every corner. Experience life as a Texas

Ranger and get ready for a historical and imaginative ride.

- **Week 3 – June 15-19: Calling All Heroes!** – Come dressed in your favorite superhero clothes and leave your secret identities behind for a week of heroic fun. You'll need to bring your courage and crime solving powers to help rescue Mrs. Knodel who has been captured by the diabolical League of Evil.
- **Week 4 – June 22-26: Out Among the Stars** – Come and learn about our solar system and see what it would be like to live among the stars. Have a blast as you dive into deep space and learn about life on another planet, light sabers and future fantasies.
- **Week 5 – June 29-July 3: Fiestas & Siestas** – You've worked hard this year, reward yourself with a week of fun and relaxation as you get acquainted with Latin American culture. We'll explore food, holidays, traditions, clothes and crafts as we make our way through each country. Bring your passport and get ready to have a memorable time.
- **Week 6 – July 6-10: High Tech Redneck** – In this camp you will experience

good old fashioned country fun. Catch a fish with your bare hand or reel one in with your cane fishing pole. Relax with a mud bath, grow a beard and make your own animal calls. This week will be so fun you may never want to come back to city life.

- **Week 7 – July 13-17: Earth, We Dig It!** – Discover the treasures of Mother Nature digging for precious stones and minerals. Learn about the geology of the earth from the peaks of the tallest mountains to the depths of the deepest caves. We'll even discuss the science of earthquakes and what to do when you feel one. This camp will "rock" your world!
- **Week 8 – July 20-24: A Knight to Remember** – Step into the distant past when knights reigned supreme. You will be knighted and experience castle life in this historical adventure. Build your own suit of armor and wear it proudly while you learn about chivalry and the knight's code of honor. Save the princess (or the prince!) from the tower and defeat the Black Knight. Should you succeed, the King may reward you greatly!
- **Week 9 – July 27-31: From Lemons to Lemonade** – Start your own business and manage your own lemonade stand. Learn how to market your product through a simulated business environment. Designed with kids in mind, this camp will provide a foundation for success and creativity for young entrepreneurs.
- **Week 10 – August 3-7: Spy Camp** – Your mission, should you choose to accept it, is to learn spying. The formula for summer fun has been stolen by Dr. Nofun, and Parish needs its top agents ready for action. Gather intelligence and use your spy gear to save summer fun before it's too late!
- **Week 11 – August 10-14: Indiana Bones** – Experience the joy of discovery as we learn about archaeology and hunt for fossils and lost treasure hidden in the earth long ago. Part history and part exploration, this camp is sure to thrill.
- **Week 12 – August 17-21: Beat the Heat** – Cool down this summer with a week of aquatic themed fun and adventure! Use your imagination and creativity to turn the campus into our own waterpark.
- **Week 13 – August 24-26: Green Thumb** – Put on your gardening gloves and roll up your sleeves as we unlock the mysteries of plants and how to grow them in this agricultural adventure. From home gardening to venus fly traps to composting, you'll be amazed at the fun and practicality of this camp.

ANCIENT WEAPONS

NEW

Grades: 5-12

Unleash your inner warrior! In this class we will study and build functional wooden swords, maces, catapults and more. We will use a variety of tools in the Design Den from the band saw to the drill press but no tool experience is necessary.

- **Instructor:** Ingrid Geisler, Parish Episcopal School
- **Dates:** Week 9 – July 27-31
- **Times:** 12:30 - 3:30pm
- **Location:** Midway Campus
- **Cost:** \$225

APP DESIGN

Grades: 5-8

Students use GameSalad Pro to build multiple levels in an arcade style game app for iOS devices (iPhone, iPad or iPod touch) while expanding their knowledge of programming. We will explore software development tools (called SDKs) for iOS, Android and Windows. We will also explore AppInventor.org, Stencyl, and the website Codecademy for creating apps.

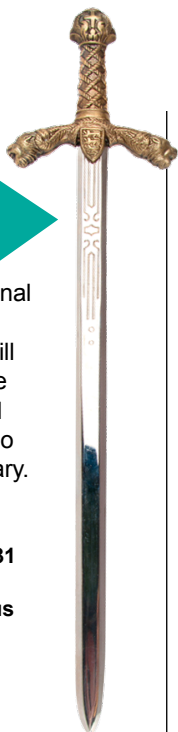

- **Instructor:** High Tech Kids
- **Dates:** Week 7 – July 13-17
- **Times:** 12:30 - 3:30pm
- **Location:** Midway Campus
- **Cost:** \$235

BABYSITTING & CPR TRAINING

Grades: 4-8

Looking to become a go-to babysitter? Our Babysitting camp will give you the necessary skills to become a trusted sitter. You will learn age appropriate cooking, games, activities and arts & crafts to do on the job. We will also help you develop and manage your babysitting business, and you will receive your Infant and Child CPR certification.

- **Instructor:** Jessica Warren, Parish Episcopal School

- **Dates:** Week 4 – June 22-26
Week 9 – July 27-31
- **Times:** 9:00am - 3:30pm
- **Location:** Midway Campus
- **Cost:** \$325

BIG TEXAS ART CLASS

Grades: 1-5

This is an art class and history class combined. Students will learn all about the history and icons of Texas and then will use this knowledge to create artwork throughout the week. Different artistic techniques including acrylic, mixed media and watercolor will be used to create a personal portfolio. The end of the week will culminate in an art show where the students will present their work.

- **Instructor:** Melanie Brannan, Local Artist
- **Dates:** Week 6 – July 6-10
- **Times:** 9:00am - 12:00pm
- **Location:** Midway Campus
- **Cost:** \$250

THE BRAINERY

Grades: 5-10

The Brainery offers the following individual quirky day classes, enjoy a single class or the whole weeks' worth of brainy fun! See daily course descriptions listed below.

- **Instructor:** Tracie Román, Parish Episcopal School
- **Dates:** Choose from a single class or the whole week. Week 6 – July 6-10
- **Times:** 9:00am - 12:00pm
- **Location:** Midway Campus
- **Cost:** \$325 (for all 5 classes), \$75 per individual class

Brainery daily themes:

- **July 6: Ghost Hunting** – Learn the art and science of ghost hunting – In this camp we will learn the science behind ghost hunting and use real ghost hunting equipment to analyze the halls of Parish. What will we find? What will we debunk? Join us to find out!
- **July 7: Big Bang Theory** – Leonard's Research – Bazinga! Want to know what Sheldon and Leonard do all day in the lab? We will explore facets of quantum physics which are critical to Leonard's research and will perform mini-labs which will mimic Leonard's life in the lab.
- **July 8: Zombie Physics** – Surviving a zombie apocalypse is a multilayered task. In this one day camp we will get you on your way to ultimate survival. We will discuss how physics just might save your life! Laboratory exercises will be performed to strengthen your chances of survival.

- **July 9: Monster Genetics** – Mary Shelley's Frankenstein monster and Bram Stoker's Dracula are amazing works of fiction. But are they fiction? Are these "monsters" just fantasy? Could they be genetically possible? Join our one day discussion and attempt to build a model of a cell from these "monsters".

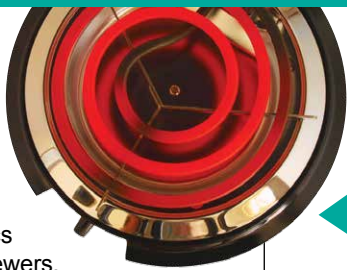

- **July 10: Dry Ice** – Super cool is so hot right now! When you know how to use dry ice safely, it is ridiculously cool! What is dry ice? How is it fun, creepy and useful? Grab some heavy duty mittens and find out!

CHESS

Grades: K-12, classification based on skill level not grade

- **Beginners:** Students will be introduced to the world of

chess. Here they will learn piece movement, tactics such as pins, skewers, forks, double attacks, discovered checks, double checks, and how to check-mate with a combination of various pieces. The students will learn how to develop their pieces in such a way that they will work as a cohesive unit. They will learn how to score (write down their moves) so that they can review and improve their play.

● **Intermediate:** Chess clocks will be used at this level. Students will be introduced to the world of chess and tournament play. Here they will learn piece movement, tactics such as pins, skewers, forks, double attacks, discovered checks, double checks, and how to check-mate with a combination of various pieces. Students will learn how to develop their pieces in such a way that they will work as a cohesive unit. They will learn to score and review their plays.

● **Masters Study:** Students will be asked to complete chess problems. We will study games from the great Masters as well learn various opening schemes. These skills will help players who participate in local as well as national chess tournaments.

- **Instructor:** Mr. B Chess
- **Dates:** Week 3 – June 15-19
Week 8 – July 20-24
- **Times:** 9:00am - 12:00pm
- **Location:** Midway Campus
- **Cost:** \$275

CLAY AND MORE CLAY

Grades: 2-5

During the first week of camp we will make things out of clay, and during the second week, we will decorate the fired clay pieces with paint or glaze. Projects will include a relief sculpture, a modeled in-the-round sculpture, a constructed box, a small world (for small creatures), and some fun surprises!

- **Instructor:** Susan Waddington, Parish Episcopal School
- **Dates:** Weeks 2-3 – June 8-19
- **Times:** 12:30 - 3:30pm
- **Location:** Midway Campus
- **Cost:** \$360

COLLEGE COOKING

Grades: 7-12

Come and learn to cook college dorm style! We will make fantastic meals on a hot plate, in a crock pot, and even in a toaster oven. Learn to make successful tailgate chili, crock pot spaghetti and more!

- **Instructor:** Staci Atwood, Parish Episcopal School
- **Dates:** Week 7 – July 13-17
- **Times:** 12:30 - 3:30pm
- **Location:** Midway Campus
- **Cost:** \$225

COMMUNITY SERVICE SUMMER CAMP

Grades: 7-12

We invite incoming 7th through 12th grade Parish students to explore philanthropy, as serving others is part of our curriculum and culture! Each day we will visit a different nonprofit agency and help wherever we are needed. By the end of the week we will have served 15 hours in our community.

Only 9th and 10th grade students may count these 15 hours toward their required hours at Parish.

- **Instructor:** Vanessa Fuquay, Parish Episcopal School
- **Dates:** Week 1 – June 1-5
- **Times:** 8:30am - 12:00pm
- **Location:** Midway Campus and Various Nonprofit Agencies
- **Cost:** \$125

CULINARY JOURNEY

Grades: 5-8

Take your taste buds on a culinary journey as we travel all over the world and experience the different tastes found in various cultures. From the delicacies of France to the hot curries of India, we'll tackle a different country each day and learn to make a sampling of their favorite dishes. You will learn how different dishes and spices came into use, and you'll be able to take these recipes home and share them with your friends and family.

- **Instructor:** Christy Logan, Culinary Professional
- **Dates:** Week 7 – July 13-17
- **Times:** 12:30 - 3:30pm
- **Location:** Midway Campus
- **Cost:** \$225

CURSIVE HANDWRITING PROGRAM

Grades: 3-12

SPOTS utilizes a multi-sensory teaching approach using tactile, kinesthetic, visual, verbal and olfactory systems in order to reinforce the stroke pattern. Students learn the motor plan for each letter group so that letter formations become automatic. This frees the student to focus on written expression rather than writing mechanics.

- **Instructor:** SPOTS Occupational Therapist
- **Dates:** Week 3 – June 15-19
Week 4 – June 22-26
Week 7 – July 13-17
Week 8 – July 20-24
- **Times:** 12:30 - 2:00pm
- **Location:** Midway Campus
- **Cost:** \$295

DANCE JAM

Grades: 5-6

This camp builds and furthers growth in the techniques of Classical Ballet, Jazz, Contemporary, Modern, and Lyrical dance. Dance strengthens skills such as listening, problem solving, group participation, body awareness, eye hand coordination and social interaction while having fun! It will also improve a young child's confidence, independence and maturity.

- **Instructor:** Jessica Robinson, Parish Episcopal School or Jenna Fisher, Frisco High School
- **Dates:** Week 4 – June 22-26
Week 8 – July 20-24
- **Times:** 1:00 - 3:00pm
- **Location:** Midway Campus
- **Cost:** \$185

DOCTORS IN TRAINING – LEVEL UP VILLAGE

Grades: 3-6

Learn about human body systems and disease through dissections of a frog, grasshopper, earthworm, snake, shark and more! Here's an opportunity to join a local physician on an exploration of the real life application of learning about biology and the human body. Our global "doctors in training" wield their own scalpels and even learn about bacteria and viruses by swabbing their own hands and watching what grows from the cultures! Students get a first-hand look at what research or direct practice in the medical world might be like and communicate about their findings with students across the globe.

- Instructor: Tracie Román, Parish Episcopal School
- Dates: Week 6 – July 6-10
- Times: 12:30 - 3:30pm
- Location: Midway Campus
- Cost: \$375

DRAWING ANIMALS NEW

Grades: 2-6

Learn to draw all kinds of animals from around the world using colored pencils, pastels, charcoal and more. Have fun sketching a variety of animals in their natural habitats and in fun imagined landscapes.

- Instructor: Ingrid Geisler, Parish Episcopal School
- Dates: Week 7 – July 13-17
- Times: 12:30 - 3:30pm
- Location: Midway Campus
- Cost: \$225

DRILL TEAM PREP NEW

Grades: 7-12

This camp will provide the skills and techniques that are essential for anyone interested in being a part of the Upper School Drill Team. We will emphasize kicks, leaps, turns and flexibility. Students will also work on basic drill team movement styles, strengths and performance. This camp will also enable the students to go through a mock audition and ask questions in preparation for the upcoming school year.

- Instructor: Dru Stine, Parish Episcopal School
- Dates: Week 4 – June 22-26
- Times: 9:00am - 12:00pm
- Location: Midway Campus
- Cost: \$225

FRENCH ART AND COOKING NEW

Grades: 2-5

Bonjour! Join us on a culinary and visual journey through France. Rich in art and food, the French have contributed greatly to both traditions. In this class we will make crepes, beignets, soufflé and croissants, and we will create impressionist watercolors, collage and acrylic paintings. Students will keep a journal to chronicle their journey, keep recipes, and write their reflections.

- Instructor: Michelle Noah, First Baptist Academy
- Dates: Week 4 – June 22-26
- Times: 12:30 - 3:30pm
- Location: Midway Campus
- Cost: \$250

GIRLS LEARNING CODE: IMAGE EDITING & ANIMATION NEW

Grades 3-5

Through this hands-on learning experience, girls will discover how to use Pixlr, a browser based image editing software and Scratch, a beginner level programming environment. Girls with an artistic and creative passion will love exploring their skills in a technological way. They will have the opportunity to upload their animations for everyone to see!

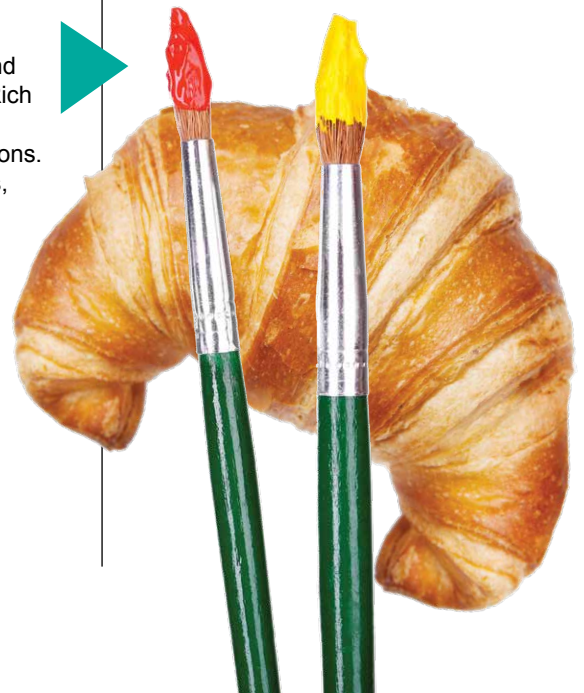

- Instructor: High Tech Kids
- Dates: Week 3 – June 15-19
- Times: 9:00am - 12:00pm
- Location: Midway Campus
- Cost: \$235

GOOGLE SKETCHUP NEW

Grades: 4-12

Students will learn to use Google Sketchup to bring their dreams to life. With this 3D modeling software you can make buildings, whole towns or tiny bolts to scale. We will finish by making a video fly through of our imagined world that you can share with your friends and family.

- Instructor: Ingrid Geisler, Parish Episcopal School
- Dates: Week 8 – July 20-24
- Times: 12:30 - 3:30pm
- Location: Midway Campus
- Cost: \$225

HINDI CONVERSATIONAL LANGUAGE PROGRAM

Grades: 3-12

Study elementary conversational Hindi. The workshop covers foundations of Hindi grammar and vocabulary as well as exercises to actively practice using conversational exercises and interaction. This class focuses on conversational aspects of Hindi in a spoken setting as well as fundamentals of the Hindi alphabet.

- Instructor: Apollo Tutors
- Dates: July 6-31, August 3-21
- Times: MWF 12:30 - 1:30pm (Enjoy a morning camp and then study Hindi) or TTh 10:30am - 12:00pm (Take Hindi then a camp in the afternoon!)
- Location: Midway Campus
- Cost: July \$325, August \$250 (includes materials)

INTERACTIVE METRONOME – PRIVATE LESSONS

Grades: 3-12

The Interactive Metronome (IM) is a research-based training program that helps students overcome attention, memory and coordination limitations. IM's game-like auditory-visual platform engages the student and provides constant feedback at the millisecond level to promote synchronized timing in the brain. Exercises are customized and involve a hierarchy of increasingly complex and precisely timed motor movements intertwined with gradually higher and faster cognitive processing, attention and decision-making. It is the only neuromotor therapy tool that can be used successfully with all students. This program is a neuro-intensive that is individually scheduled based on baseline skills and availability. It is overseen and programmed by a licensed occupational therapist certified in the IM program. Students who would benefit from IM therapy include those diagnosed with:

- Reading Disorders
- Auditory Processing Disorders
- ADHD
- Dyslexia

– Non-Verbal Learning Disorders

Attention all athletes. This program is used by professional athletes to acquire and maintain optimal athletic skills.

- Instructor: Spots Occupational Therapists
- Dates: Private Lessons
- Times: Private Lessons
- Location: Midway Campus
- Cost: Scheduled on an individual basis through the SPOTS clinic (972) 404-1718.

INTRO TO ALGEBRA I

Grades: 8-9

Intended for students entering Algebra I, this class will allow students to build a solid foundation of skills needed in Algebra I. Topics reviewed will include simplifying expressions, solving equation and inequalities, and graphing linear equations. Students will be introduced to new topics that will be covered in the upcoming school year. Summer math packets will be reviewed as well.

- Instructor: Caroline Stone, Parish Episcopal School
- Dates: Week 8 – July 20-24
- Times: 9:00am - 12:00pm
- Location: Midway Campus
- Cost: \$250

INTRODUCTION TO GAME DESIGN WITH SCRATCH

Grades: 2-5

Have you ever wished you could create your very own computer game? In this camp you will get to do just that! Students will learn to create a unique computer game using Scratch, a programming language developed by MIT Media Lab. Students will learn how to program characters, build a game world, and watch their game come to life. Coding in Scratch is much easier than in traditional programming languages and will lay a solid foundation for our advanced game design courses. Students will be given a Scratch login so they can save their games to their account and

can continue expanding their game or create new games following the conclusion of camp.

- Instructor: High Tech Kids
- Dates: Week 1 – June 1-5
- Times: 9:00am - 12:00pm
- Location: Midway Campus
- Cost: \$235

INTRODUCTION TO WEB DESIGN & PHOTOGRAPHY

Grades: 3-6

Use a camera and learn the building blocks of web design! Import your photos into the website you have designed and then share your creation with your friends and family. Adobe Flash® concepts may be introduced based on a student's progress throughout the week. Internet etiquette and safety will be discussed and enforced. Requirements: Students are asked to bring a camera, if they have one. Bring a Flash Drive.

- Instructor: High Tech Kids
- Dates: Week 5 – June 29-July 3
- Times: 12:30 - 3:30pm
- Location: Midway Campus
- Cost: \$235

INTRODUCTION TO WEB DESIGN & PHOTOGRAPHY – FOR GIRLS ONLY!

Grades: 3-6

Use a camera and learn the building blocks of web design! Import your photos into the website you have designed and then share your creation

with your friends and family. Adobe Flash® concepts may be introduced based on a student's progress throughout the week. Internet etiquette and safety will be discussed and enforced. Requirements: Students are asked to bring a camera, if they have one. Bring a Flash Drive.

- Instructor: High Tech Kids
- Dates: Week 4 – June 22-26
- Times: 12:30 - 3:30pm
- Location: Midway Campus
- Cost: \$235

KANDINSKY DOODLES AND MORE MONDRIAN

Grades: 1-6

Students' imaginations will be stretched by creating original art based on the styles of modern day masters. Each day will be a different

exploration of art using many different mediums including 3-D and reclaimed materials.

- Instructor: Melanie Brannan, Local Artist
- Dates: Week 8 – July 20-24
- Times: 9:00am - 12:00pm
- Location: Midway Campus
- Cost: \$250

THE LEGO® CAVE AND MINECRAFT

Grades: 3-6

Venture into The Cave on a dangerous quest for vital resources! Wield the iron pickaxe to dig and battle against hostile zombies and spider mobs. Blast out valuable ores and minerals with the TNT and combine the flowing water and lava to create precious obsidian! When you're done battling and mining, restore your energy levels with the chest of bread. Proceed with caution! Rebuild the set for more LEGO® Minecraft creations! Work

with your team to combine building with legos in the series to create your own virtual LEGO® Minecraft world!

- Instructor: High Tech Kids
- Dates: Week 2 – June 8-12
- Times: 9:00am - 12:00pm
- Location: Midway Campus
- Cost: \$235

LEGO® EV3

Grades: 3-5

Imagine, create and build with new LEGO® MINDSTORMS® EV3 (third generation Evolution) robotics kit! Kids will build remote controlled robots and use an iPad or smart device to control the robot! Combining the versatility of the LEGO® building system, a powerful microcomputer brick, and intuitive drag-and-drop programming software, this adventure will have you and your team creating cool robots on your first day. All robots and laptops are supplied for class use.

- Instructor: High Tech Kids
- Dates: Week 2 – June 8-12
- Times: 12:30 - 3:30pm
- Location: Midway Campus
- Cost: \$235

LEGO® EV3 BASICS & BEYOND

Grades: 3-8

Welcome to the awesome and innovative LEGO® EV3 MINDSTORMS® super robot. The Basics and Beyond class will teach students basics of the EV3 for building and programming. All robots and laptops are supplied for class use.

- Instructor: Michael Calahan, It's Rocket Science
- Dates: Week 2 – June 8-12
- Times: 12:30 - 3:30pm
- Location: Midway Campus
- Cost: \$350

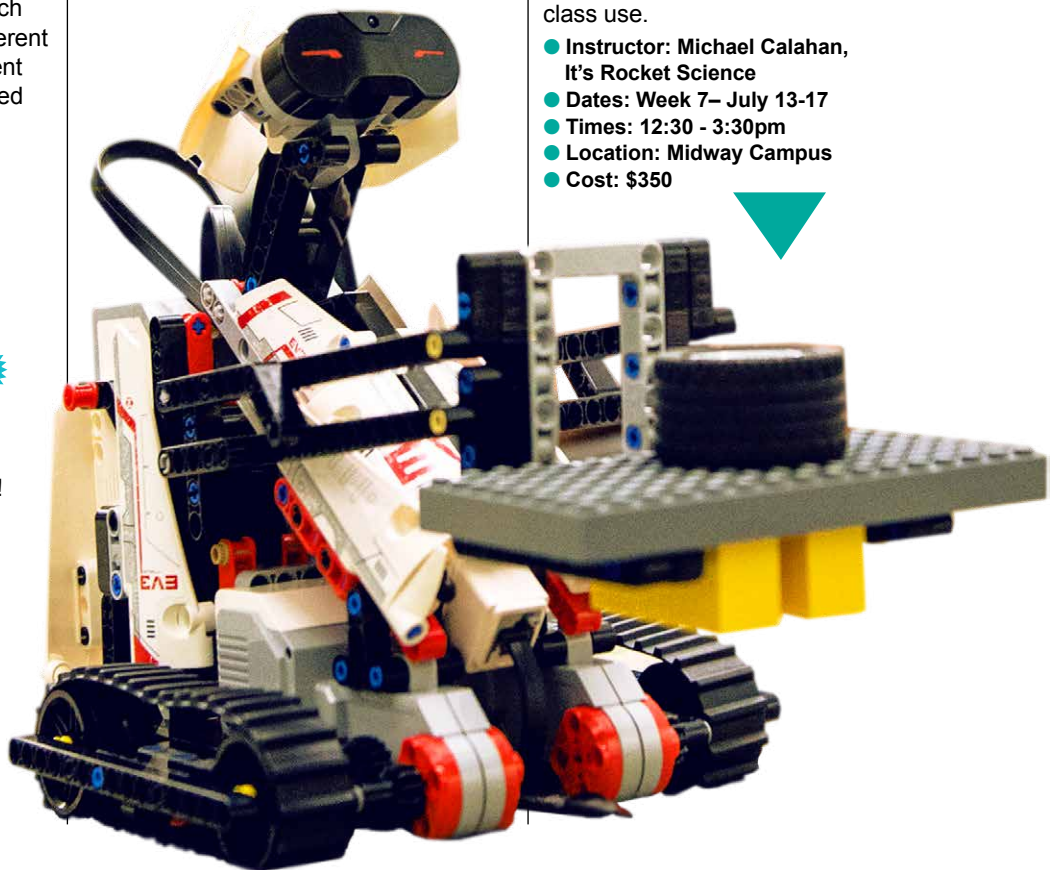

LEGO® EV 3 COMPETITION TRAINING

Grades: 3-8

The Competition class is all about taking the EV3 to the next level, which is competing on obstacles and completing challenges. Whether it's your first time working with the EV3 or you have experience, this class will improve your skills. FIRST LEGO® League welcomed. All robots and laptops are supplied for class use.

- Instructor: Michael Calahan, It's Rocket Science
- Dates: Week 7– July 13-17
- Times: 12:30 - 3:30pm
- Location: Midway Campus
- Cost: \$350

LEGO® SUPER CARS NEW

Grades: 1-6

These sessions will focus on building multiple super cars using LEGO® Technic elements to help make them super awesome! Students will make custom creations using suspension pull back racers and a six speed competition dragster motor car. The projects will allow students to use LEGO® elements to help explore basic and advanced engineering principles.

- Instructor: Michael Calahan, It's Rocket Science
- Dates: Week 2 – June 8-12
- Times: 9:00am - 12:00pm
- Location: Midway Campus
- Cost: \$275

LEGO® “TECHNIC” BASIC ENGINEERING NEW

Grades: 1-6

Students will apply the principles of levers, gears, pulleys, form and function to construct LEGO® models that can be transformed and further explored to maximize the discovery of how technology works first hand. Students will also work in teams to create fun and exciting models like sweeper cars, block and tackle fishing rods, and much more while learning fundamental concepts in science and technology. This class is awesome!

- Instructor: Michael Calahan, It's Rocket Science
- Dates: Week 1 – June 1-5
- Times: 12:30 - 3:30pm
- Location: Midway Campus
- Cost: \$275

LEGO® WEDO “MACHINES & ROBOTS” NEW

Grades: 1-6

The LEGO® WeDo ROBOTICS SET is an easy-to-use set that introduces young students to robotics. Students will build LEGO® machines and then add working motors and sensors. Machines can then be programmed to become a controllable robot. Campers will create fun creatures, custom cars, custom air craft and more. Students will explore theme-based activities in teams while

developing skills in science, technology, engineering and mathematics, as well as language and literacy.

- Instructor: Michael Calahan, It's Rocket Science
- Dates: Week 7 – July 13-17
- Times: 9:00am - 12:00pm
- Location: Midway Campus
- Cost: \$295

MANDARIN CHINESE CONVERSATIONAL LANGUAGE PROGRAM NEW

Grades: K-9

Study elementary conversational Mandarin Chinese for non-native speakers. Agatha Chen teaches this increasingly popular language to students with an emphasis on conversation. Chen has been part of the Educational Training Program for Teaching Mandarin and has been a Star Talk teacher.

- Instructor: Agatha Chen
- Dates: July 2-30
- Times: TTh 10:30am - 12:00pm (Take Mandarin then a camp in the afternoon!)
- Location: Midway Campus
- Cost: \$370 (includes materials)

MAPPING YOUR FUTURE CAREER WORKSHOP NEW

Grades: 7-9

Middle and Upper school students have more creativity, curiosity and intuition about the world and themselves than at any other time in their lives. This is the perfect summer to help your student begin connecting the dots between themselves, their education and their future. During this workshop, students will dive into assessments to uncover what makes them truly unique. They will learn how to express their current interests, strengths, values and natural

talents as their own personal brand of uniqueness. Finally they will use their internet skills to research various ways they can express their unique value in the future job market. On the last day, parents will attend and learn about where their student wants to put their unique dent in the universe and why. Dr. Helen Harkness, founder of Career Design Associates and the Career Design Foundation along with Danya Casey of Young Presidents' Organization will be the workshop leaders.

- Instructor: Danya Casey, Young Presidents' Organization and Dr. Helen Harkness, Career Design Associates
- Dates: Week 1 – June 1-5
Week 7 – July 13-17
- Times: 12:30 - 3:30pm
- Location: Midway Campus
- Cost: \$275
(Includes a \$150 materials cost)

MIND AND BODY NEW

Grades: PreK, K-2, 3-6

This camp offers fun for both minds and bodies by combining the Mind Lab program endorsed by Yale University with Zumba Kids! The Mind Lab Program is a world-wide innovative methodology for the development of 21st century life skills through the instruction of strategy and thinking games. Our games selection includes more than 250 international award winning board games such as: Quoridor, Rush Hour, Octi, Zoologic, Abalone and many others. We've developed a unique approach that fills

CONTINUED ON NEXT PAGE

CONTINUED FROM PREVIOUS PAGE

the gap between school education and real life challenges by teaching students HOW to think rather than WHAT to think. Zumba Kids routines are packed with specially choreographed routines and the latest music, like hip-hop, reggaeton, cumbia and salsa. Zumba increases kids' focus and self-confidence, boosts metabolism and enhances coordination.

- **Instructor:** Mind Lab and Zumba Kids
- **Location:** Midway Campus (Weeks 3 and 8), Hillcrest Campus (Week 10)
- **Cost:** \$250

GRADE PreK

- **Dates:** Week 3 – June 15-19
Week 8 – July 20-24
- **Times:** 9:00am - 12:00pm

GRADES K-2

- **Dates:** Week 8 – July 20-24
Week 10 – August 3-7
- **Times:** 12:30 - 3:30pm (Week 8)
9:00am - 12:00pm (Week 10)

GRADES 3-6

- **Dates:** Week 3 – June 15-19
- **Times:** 12:30 - 3:30pm

MINECRAFT GAME DESIGN

Grades: 3-6

Play Minecraft and take the game to the next level with this engaging and addicting world-building game. In this camp, we will use MinecraftEdu, and learn how to create new games, design levels and host other players on a server.

- **Instructor:** High Tech Kids
- **Dates:** Week 6 – July 6-10
- **Times:** 12:30 - 3:30pm
- **Location:** Midway Campus
- **Cost:** \$235

MINING MINECRAFT MINDS!

Grades: 3-5

Think Minecraft is just a video game? Think again. The game is being used to teach more than just computer skills. It is all about using both sides of our students' brains in a popular, pixelated, cubed world with dangers and obstacles to overcome using either Minecraft.net

or Minecraft.edu. This game easily lends itself to STEM explorations. It is not an exaggeration to say that the only limit is imagination.

- **Instructor:** High Tech Kids
- **Dates:** Week 10 – August 3-7
- **Times:** 12:30 - 3:30pm
- **Location:** Midway Campus
- **Cost:** \$235

MORNING CAMP

Grades: PreK, K-6

Start your day with outdoor play and fun games before other camps begin! Care is available each morning beginning at 7:30am if your child is not enrolled in All-Day Camp. Children will be accompanied by a

counselor to their specialty classes at the appropriate time.

- **Instructor:** ParishEXTEND staff
- **Dates:** Each week of summer
- **Times:** 7:30 - 9:00am
- **Location:** Midway Campus (Weeks 1-9), Hillcrest Campus (Weeks 9-13)
- **Cost:** \$35

MUSICAL THEATER CAMP

"School House Rock Live, Jr. Production"

Grades: 6-11

Join us for a summer production of School House Rock Live, Jr. Production. Students will work together as we cast, choreograph, and perform a full length show the last day of camp. This is a well-rounded musical theater experience including dancing, acting, singing and putting a show together. Learn how to audition, create a character, perform in an ensemble, and work creatively as a group plus so much more. There are opportunities for all skill levels. Sign up early as space is limited.

- **Instructor:** Stephanie Wulfe, Texas Family Theater, and Parish Episcopal Arts Faculty
- **Dates:** Weeks 2-3 – June 8-19
- **Times:** 12:30 - 4:00pm
- **Location:** Midway Campus
- **Cost:** \$500

MUSICAL THEATER CAMP - BROADWAY REVUE

Grades: 3-5

Come work together to make scenes come to life on stage! Learn about the theater and perform for friends and

family on the final day of class. This class includes singing, dancing and acting. All levels of acting experience are welcome. Sign up early as space is limited.

- **Instructor:** Stephanie Wulfe, Texas Family Theater, and Parish Episcopal Arts Faculty
- **Dates:** Week 4 – June 22-26
- **Times:** 12:30 - 3:30pm
- **Location:** Midway Campus
- **Cost:** \$250

NANOSCIENCE NEW

Grades: 5-8

Discover a world of science that is one billionth of a meter in size! The world of nanoscience will change our future and how we live. Get an introduction to what this nanoworld looks like, how it behaves, and how it can improve our lives. Activities include exploring nanoshapes, nanomachines, nanofabric, nanoscale physics, nanotechnology, nanoengineering and nanomedicine.

- **Instructor:** Tracie Román, Parish Episcopal School
- **Dates:** Week 2 – June 8-12
- **Times:** 12:30 - 3:30pm
- **Location:** Midway Campus
- **Cost:** \$250

PAINTING ACRYLIC MASTERPIECES NEW

Grades: 1-6

There's an artist in everyone! During this weeklong class we will recreate some of the greatest paintings from artists such as Van Gogh, Matisse, Picasso and more. Each day the students will learn about a different master and take home a completed acrylic painting.

- **Instructor:** Melanie Brannan, Local Artist
- **Dates:** Week 7 – July 13-17
- **Times:** 9:00am - 12:00pm
- **Location:** Midway Campus
- **Cost:** \$250

POTTERY WHEEL

Grades: 5-9

Students will spend the week learning the potter's wheel. They will glaze their pieces and come home with a collection of food-safe wares.

- **Instructor:** Ingrid Geisler, Parish Episcopal School
- **Dates:** Week 7 – July 13-17
- **Times:** 9:00am - 12:00pm
- **Location:** Midway Campus
- **Cost:** \$250

PRINTMAKING NEW

Grades: 3-7

Most art is the product of one, but printmaking allows artists to make multiple versions of their work. During this class we will use different surfaces to craft our prints including foam, wood, cardboard and linoleum. Students will be given instruction on cutting, etching, carving or drawing a design into a plate. They will learn how to apply ink or paint to the plate, press the paper, and transfer the image. Each artist will compile their completed pieces into a printmaking portfolio which will showcase their work from the week.

- **Instructor:** Michelle Noah, First Baptist Academy
- **Dates:** Week 1 – June 1-5
- **Times:** 12:30 - 3:30pm
- **Location:** Midway Campus
- **Cost:** \$250

PRIVATE MUSIC

Grades: PreK-12

The summer is a fantastic time to focus on learning a musical instrument, and private music instruction is one of the fastest, most effective ways to improve your skills. Students can choose from a range of instrument and voice lessons and will benefit from one on one instruction. Our private music lessons are offered in 30 minute and one hour blocks of time. We welcome beginner and advanced students. Private music lessons must be scheduled through the ParishEXTEND office in order to coordinate with our instructors' schedules.

- **Instructors:** Peter Dugga, percussion
Riley King, voice
Alex Mitchakes, guitar
Kathleen Parsons, piano and violin
Mark Ripley, piano
- **Dates:** Available all summer (please call 972.852.8752 to schedule)
- **Times:** Available in 30 minute or 1 hour blocks
- **Location:** Midway Campus
- **Cost:** \$35/half hour, \$70/hour

PROBLEM SOLVING CONFERENCE NEW

Grades: 7-10

In this class, students will host a mathematical conference where they will debate and solve interesting problems designed to be hands-on, fun and challenging.

- **Instructor:** Caroline Stone, Parish Episcopal School
- **Dates:** Week 3 - June 15-19
- **Times:** 9:00am - 12:00pm
- **Location:** Midway Campus
- **Cost:** \$250

PROGRAMMING ROBOTS - EV3, VEX AND SPHERO ROBOTICS BALL

NEW

Grades: 3-5

Yes, it really is making robots. But along with hands-on creation, during this week kids will program the machines using real-world computer-coding languages like Basic, C++, Java and Arduino. Popular kits used at camps include fun, kid-friendly products like LEGO® MINDSTORMS®, Vex Robotics and the Sphero Robotics Ball.

- Instructor: High Tech Kids
- Dates: Week 7 – July 13-17
- Times: 9:00am - 12:00pm
- Location: Midway Campus
- Cost: \$235

READY FOR UPPER SCHOOL ENGLISH: READING

NEW

Grades: 8-12

Upper School English classes require students to read stories, poems, novels, plays, speeches and news articles independently and then to come to class ready to discuss, write or argue about the required reading. This summer reading course will help you to build the skills you will need to succeed and thrive in Upper School English. You will learn and practice various reading strategies, including annotation, journaling, summarizing, paraphrasing, analyzing literary devices and learning new vocabulary. You will leave this class feeling more confident as a reader.

- Instructor: Tracey Addington, Parish Episcopal School
- Dates: Week 8-9 – July 20-31
- Times: 9:00 - 11:00am
- Location: Midway Campus
- Cost: \$325

READY FOR UPPER SCHOOL ENGLISH - WRITING

NEW

Grades: 8-12

How confident are you as a writer? When a teacher assigns a major writing assignment, do you find yourself staring at a blank screen or a blank page, not

knowing where to start? This writing workshop will review and build the skills you need to analyze a writing task, plan your composition, write a draft, and revise it to get it ready for publication. You will write one narrative, one persuasive, and one academic/analytical essay, and you will leave the class feeling more confident and proud of your own writing abilities.

- Instructor: Chris Schmidt, Parish Episcopal School
- Dates: Week 8-9 – July 20-31
- Times: 12:00 - 2:00pm
- Location: Midway Campus
- Cost: \$325

READY FOR UPPER SCHOOL ENGLISH - GRAMMAR

NEW

Grades 8-12

If you don't know a gerund from a gerrymander, this class is for you. Do you know how to write clearly? Do you carefully choose the length and structure of your sentence, placing each word on purpose to achieve a desired effect? Or do your sentences simply come together, falling out randomly and without purpose? To write well, you need to learn to identify and manipulate the many

phrases, clauses and sentence types that make up the English language. In this class you'll learn to make your sentences clearer, more direct and easier to read. You'll build habits that will help you not only in English class, but throughout your life as you seek to communicate your ideas in writing.

- Instructor: Chris Schmidt, Parish Episcopal School
- Dates: Week 6-7 – July 6-17
- Times: 9:00 - 11:00am
- Location: Midway Campus
- Cost: \$325

SOUNDS OF AFRICA

NEW

Grades: 3-8

Join Peter Mugga, former member of the Spirit of Uganda performance ensemble, to learn about instruments and movement from all over the world, specifically Africa. Students will use instruments like the African harp, congas, djembes and cajon to create unique musical interpretations and compositions. The program will teach creativity, critical thinking and global awareness of innovative rhythmic voices. This will be a combination of fun and learning through drumming, dancing and singing which will culminate in a performance on the last day of camp.

- Instructor: Peter Mugga, Professional Musician
- Dates: Week 2 – June 8-12
Week 6 – July 6-10
- Times: 12:30 - 3:30pm
- Location: Midway Campus
- Cost: \$185

SPECIAL TOPICS IN GEOMETRY

NEW

Grades: 8-11

Have you ever wondered why a circle has 360° or what happens if we try to make a triangle on a sphere? This hands-on, exploration based class will look at taxi-cab geometry, fractals and chaos, spherical geometry, the golden ratio and more.

- Instructor: Caroline Stone, Parish Episcopal School
- Dates: Week 4 – June 22-26
- Times: 9:00am - 12:00pm
- Location: Midway Campus
- Cost: \$250

SUMMER DANCE INTENSIVE

Grades: 7-12

This camp is intensive training for the serious dancer and will be split into two levels depending on enrollee dance experience. Students will have the opportunity to take classes from various dancers and instructors in the DFW Metroplex. The classes will consist of Ballet, Modern, Jazz and Hip Hop. All classes will require appropriate dancewear for full participation.

- **Instructor:** Jessica Robinson, Parish Episcopal School or Jenna Fisher, Frisco High School
- **Dates:** Week 9 – July 27-31
- **Times:** 9:00am - 3:00pm (one hour lunch break)
- **Location:** Midway Campus
- **Cost:** \$370

TEA PARTY

Grades: 1-6

Students will spend the week making everything they need for a tea party. They will hand build a tea pot, throw cups using the potter's wheel, and make other accessories including a tea tray. They will glaze all of their pieces and will finish the week with an awesome tea party using their own hand-made tea set.

- **Instructor:** Ingrid Geisler, Parish Episcopal School
- **Dates:** Week 8 – July 20-24
- **Times:** 9:00am - 12:00pm
- **Location:** Midway Campus
- **Cost:** \$250

TYPING

Grades: 3-12

SPOTS offers a typing class that is small in size and tailored to each student's own level and pace. Focus will be placed on finger dexterity and maintaining home-row key positioning.

- **Instructor:** SPOTS Occupational Therapists
- **Dates:** Week 3 – June 15-19
Week 4 – June 22-26
Week 7 – July 13-17
Week 8 – July 20-24
- **Times:** 2:00 - 3:30pm
- **Location:** Midway Campus
- **Cost:** \$295

VIDEO GAME DESIGN AND MODDING

Grades: 5-8

Designing new games or creating levels for existing games (called modding) encourages more thought and self-reflection than you might think. By shifting from player to creator, kids start to think about their audience as real humans (not simply anonymous opponents), which means they'll consider their message and problem-solve the entire time. GameMaker, Minecraft, Gamestar Mechanic, LittleBigPlanet2, Trackmania, and Kodu Game Lab will be used at camp. Students will learn thinking and reasoning, responsibility, ethics and problem-solving.

- **Instructor:** High Tech Kids
- **Dates:** Week 8 – July 20-24
- **Times:** 9:00am - 12:00pm
- **Location:** Midway Campus
- **Cost:** \$235

WATER PURIFICATION - LEVEL UP VILLAGE

Grades: 3-6

Clean water. Nearly one billion people on our planet lack access to it. This class arms young people to be a part of the solution to this crisis. We begin with an exploration of the unique properties of water. No drop of what we drink of it is a new drop. It has always been in our water cycle. Not to mention water dissolves most basic rules of chemistry. Students explore the special things that water can do at the molecular level using

hands-on experiments and 3D kits that make the learning feel more like playing! They explore our global relationship with water through interactions with their partner school students. Together students move from the theoretical to the applicable, constructing a working aquifer to better understand how we get, use and sometimes pollute ground water. Then our young scientists delve into an exploration of the innovations that are part of the solution to our water crisis. They will create two different kinds of water filters as part of that process. Students keep their aquifers at the end of class!

- **Instructor:** Tracie Román, Parish Episcopal School
- **Dates:** Week 4 – June 22-26
- **Times:** 12:30 - 3:30pm
- **Location:** Midway Campus
- **Cost:** \$375

WHERE THE WILD FAUVES ARE!

Grades: 1-5

Fauvism is the style of les Fauves, French for "the wild beasts." Fauvism is known for its expressive, bold, undisguised brushstrokes and vibrant colors directly from the tube. In this class, students will be challenged to create art bursting with color, paint stroke and simplicity. We will examine famous Fauve painters such as Matisse, and we'll use their works to inspire our own masterpieces.

- **Instructor:** Michelle Noah, First Baptist Academy
- **Dates:** Week 4 – June 22-26
- **Times:** 9:00am - 12:00pm
- **Location:** Midway Campus
- **Cost:** \$250

WOODWORKING

Grades: 6-12

This is an introductory class to wood working and shop tools. We will use hand tools as well as power tools to create several projects that students will take home at the end of the week.

- **Instructor:** Ingrid Geisler, Parish Episcopal School
- **Dates:** Week 9 – July 27-31
- **Times:** 9:00am - 12:00pm
- **Location:** Midway Campus
- **Cost:** \$250

ANCIENT WEAPONS

Grades: 5-12

Unleash your inner warrior! In this class we will study and build functional wooden swords, maces, catapults and more. We will use a variety of tools in the Design Den from the band saw to the drill press but no tool experience is necessary.

- **Instructor:** Ingrid Geisler, Parish Episcopal School
- **Dates:** Week 9 – July 27-31
- **Times:** 12:30 - 3:30pm
- **Location:** Midway Campus
- **Cost:** \$225

Bram Stoker's Dracula are amazing works of fiction. But are they fiction? Are these "monsters" just fantasy? Could they be genetically possible? Join our one day discussion and attempt to build a model of a cell from these "monsters".

- **July 10: Dry Ice** – Super cool is so hot right now! When you know how to use dry ice safely, it is ridiculously cool! What is dry ice? How is it fun, creepy and useful? Grab some heavy duty mittens and find out!

CHESS

Grades: K-12, classification based on skill level not grade

- **Beginners:** Students will be introduced to the world of chess.

Here they will learn piece movement, tactics such as pins, skewers, forks, double attacks, discovered checks, double checks, and how to check-mate with a combination of various pieces. The students will learn how to develop their pieces in such a way that they will work as a cohesive unit. They will learn how to score (write down their moves) so that they can review and improve their play.

- **Intermediate:** Chess clocks will be used at this level. Students will be introduced to the world of chess

and tournament play. Here they will learn piece movement, tactics such as pins, skewers, forks, double attacks, discovered checks, double checks, and how to check-mate with a combination of various pieces. Students will learn how to develop their pieces in such a way that they will work as a cohesive unit. They will learn to score and review their plays.

- **Masters Study:** Students will be asked to complete chess problems. We will study games from the great Masters as well learn various opening schemes. These skills will help players who participate in local as well as national chess tournaments.

- **Instructor:** Mr. B Chess
- **Dates:** Week 3 – June 15-19
Week 8 – July 20-24
- **Times:** 9:00am - 12:00pm
- **Location:** Midway Campus
- **Cost:** \$275

THE BRAINERY

Grades: 5-10

The Brainery offers individual quirky day classes, enjoy a single class or the whole weeks' worth of brainy fun! See daily course descriptions listed below.

- **Instructor:** Tracie Román, Parish Episcopal School
- **Dates:** Choose from a single class or the whole week. Week 6 – July 6-10
- **Times:** 9:00am - 12:00pm
- **Location:** Midway Campus
- **Cost:** \$325 (for all 5 classes)
\$75 per individual class

Brainery daily themes:

- **July 6: Ghost Hunting** – Learn the art and science of ghost hunting. In this camp we will learn the science behind ghost hunting and use real ghost hunting equipment to analyze the halls of Parish. What will we find? What will we debunk? Join us to find out!
- **July 7: Big Bang Theory** – Leonard's Research - Bazinga! Want to know what Sheldon and Leonard do all day in the lab? We will explore facets of quantum physics which are critical to Leonard's research and will perform mini-labs which will mimic Leonard's life in the lab.
- **July 8: Zombie Physics** – Surviving a zombie apocalypse is a multilayered task. In this one day camp we will get you on your way to ultimate survival. We will discuss how physics just might save your life! Laboratory exercises will be performed to strengthen your chances of survival.
- **July 9: Monster Genetics** – Mary Shelley's Frankenstein monster and

COLLEGE COOKING

Grades: 7-12

Come and learn to cook college dorm style! We will make fantastic meals on a hot plate, in a crock pot, and even in a toaster oven. Learn to make successful tailgate chili, crock pot spaghetti and more!

- **Instructor:** Staci Atwood, Parish Episcopal School
- **Dates:** Week 7 – July 13-17
- **Times:** 12:30 - 3:30pm
- **Location:** Midway Campus
- **Cost:** \$225

COMMUNITY SERVICE SUMMER CAMP

Grades: 7-12

We invite incoming Grades 7-12 Parish students to explore philanthropy, as serving others is part of our curriculum and culture! Each day we will visit a different nonprofit agency and help wherever we are needed. By the end of the week we will have served 15 hours in our community.

Only 9th and 10th grade students may count these 15 hours toward their required hours at Parish.

- **Instructor:** Vanessa Fuquay, Parish Episcopal School
- **Dates:** Week 1 – June 1-5
- **Times:** 8:30am - 12:00pm
- **Location:** Midway Campus and Various Nonprofit Agencies
- **Cost:** \$125

CURSIVE HANDWRITING PROGRAM

Grades: 3-12

SPOTS utilizes a multi-sensory teaching approach using tactile, kinesthetic, visual, verbal and olfactory systems in order to reinforce the stroke pattern. Students learn the motor plan for each letter group so that letter formations become automatic. This frees the student to focus on written expression rather than writing mechanics.

- **Instructor:** SPOTS Occupational Therapists
- **Dates:** Week 3 – June 15-19
Week 4 – June 22-26
Week 7 – July 13-17
Week 8 – July 20-24
- **Times:** 12:30 - 2:00pm
- **Location:** Midway Campus
- **Cost:** \$295

DRILL TEAM PREP NEW

Grades: 7-12

This camp will provide the skills and techniques that are essential for anyone interested in being a part of the Upper School Drill Team. We will emphasize kicks, leaps, turns and flexibility. Students will also work on basic drill team movement styles, strengths and performance. This camp will also enable the students to go through a mock audition and ask questions in preparation

for the upcoming school year.

- **Instructor:** Dru Stine, Parish Episcopal School
- **Dates:** Week 4 – June 22-26
- **Times:** 9:00am - 12:00pm
- **Location:** Midway Campus
- **Cost:** \$225

GOOGLE SKETCHUP NEW

Grades: 4-12

Students will learn to use Google Sketchup to bring their dreams to life. With this 3D modeling software you can make buildings, whole towns or tiny bolts to scale. We will finish by making a video fly through of our imagined world that you can share with your friends and family.

- **Instructor:** Ingrid Geisler, Parish Episcopal School
- **Dates:** Week 8 – July 20-24
- **Times:** 12:30 - 3:30pm
- **Location:** Midway Campus
- **Cost:** \$225

HINDI CONVERSATIONAL LANGUAGE PROGRAM NEW

Grades: 3-12

Study elementary conversational Hindi. The workshop covers foundations of Hindi grammar and vocabulary as well as exercises to actively practice using conversation and interaction. Class time will focus on conversational aspects of Hindi in a spoken setting as well as

fundamentals of the Hindi alphabet.

- **Instructor:** Apollo Tutors
- **Dates:** July 6-31, August 3-21
- **Times:** MWF 12:30 - 1:30pm (Enjoy a morning camp and then study Hindi) or TTh 10:30am - 12:00pm (Take Hindi then a camp in the afternoon!)
- **Location:** Midway Campus
- **Cost:** July \$325, August \$250 (includes materials)

INTERACTIVE METRONOME - PRIVATE LESSONS

Grades: 3-12

The Interactive Metronome (IM) is a research-based training program that helps students overcome attention, memory and coordination limitations. IM's game-like auditory-visual platform engages the student and provides constant feedback at the millisecond level to promote synchronized timing in the brain. Exercises are customized and involve a hierarchy of increasingly complex and precisely timed motor movements intertwined with gradually higher and faster cognitive processing, attention and decision-making. It is the only neuromotor therapy tool that can be used successfully with all students. This program is a neuro-intensive that is individually scheduled based on baseline skills and availability. It is overseen and

CONTINUED ON NEXT PAGE

CONTINUED FROM PREVIOUS PAGE

programmed by a licensed occupational therapist certified in the IM program. Students who would benefit from IM therapy include those diagnosed with:

- Reading Disorders
- Auditory Processing Disorders
- DHD
- Dyslexia
- Non-Verbal Learning Disorders

Attention all athletes. This program is used by professional athletes to acquire and maintain optimal athletic skills.

- **Instructor:** SPOTS Occupational Therapists
- **Dates:** Private Lessons
- **Times:** Private Lessons
- **Location:** Midway Campus
- **Cost:** Scheduled on an individual basis through the SPOTS clinic (972) 404-1718.

INTRO TO ALGEBRA I

Grades: 8-9

Intended for students entering Algebra I, this class will allow students to build a solid foundation of skills needed in Algebra I. Topics reviewed will include simplifying expressions, solving equation and inequalities, and graphing linear equations. Students will be introduced to new topics that will be covered in the upcoming school year. Summer math packets will be reviewed as well.

- **Instructor:** Caroline Stone, Parish Episcopal School
- **Dates:** Week 8 – July 20-24
- **Times:** 9:00am - 12:00pm
- **Location:** Midway Campus
- **Cost:** \$250

INTRO TO ALGEBRA II

Grades: 10-11

Intended for students entering Algebra II, this class will allow students to build a solid foundation of the skills needed in Algebra II. This class will review critical skills and concepts covered in Algebra I and Geometry. Additionally, students will be introduced to new topics that will be covered in the upcoming school year. Summer math

packets will be reviewed as well.

- **Instructor:** Caroline Stone, Parish Episcopal School
- **Dates:** Week 8 – July 20-24
- **Times:** 12:30 - 3:30pm
- **Location:** Midway Campus
- **Cost:** \$250

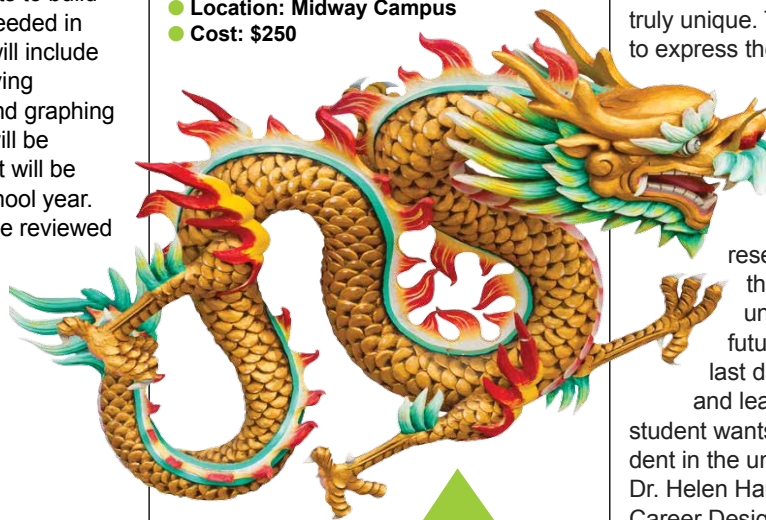

INTRO TO GEOMETRY

Grades: 9-10

Intended for students entering Geometry, this class will allow students to build a strong foundation of skills needed in Geometry. Topics reviewed will include solving equations, factoring, simplifying radicals, perimeter, area, and volume, and graphing linear equations. Students will be introduced to new topics that will be covered in the upcoming school year. Summer math packets will be reviewed as well.

- **Instructor:** Caroline Stone, Parish Episcopal School
- **Dates:** Week 7 – July 13-17
- **Times:** 12:30 - 3:30pm
- **Location:** Midway Campus
- **Cost:** \$250

MANDARIN CHINESE CONVERSATIONAL LANGUAGE PROGRAM

Grades: K-9

Study elementary conversational Mandarin Chinese for non-native speakers. Agatha Chen teaches this increasingly popular language to students with an emphasis on conversation. Chen has been part of

the Educational Training Program for Teaching Mandarin and has been a Star Talk teacher.

- **Instructor:** Agatha Chen
- **Dates:** July 2-30
- **Times:** TTh 10:30am - 12:00pm (Take Mandarin then a camp in the afternoon!)
- **Location:** Midway Campus
- **Cost:** \$370 (includes materials)

MAPPING YOUR FUTURE CAREER WORKSHOP

Grades: 7-9

Middle and Upper school students have more creativity, curiosity and intuition about the world and themselves than at any other time in their lives. This is the perfect summer to help your student begin connecting the dots between themselves, their education and their future. During this workshop, students will dive into assessments to uncover what makes them truly unique. They will learn how to express their current interests,

strengths, values and natural talents as their own personal brand of uniqueness. Finally they will use

their internet skills to

research various ways they can express their unique value in the

future job market. On the last day, parents will attend and learn about where their

student wants to put their unique dent in the universe and why.

Dr. Helen Harkness, founder of Career Design Associates and the Career Design Foundation along with Danya Casey of Young Presidents' Organization will be the workshop leaders.

- **Instructor:** Danya Casey, Young Presidents' Organization and Dr. Helen Harkness, Career Design Associates
- **Dates:** Week 1 – June 1-5 Week 7 – July 13-17
- **Times:** 12:30 - 3:30pm
- **Location:** Midway Campus
- **Cost:** \$275 (Includes a \$150 materials cost)

MASTERY TEST PREPARATION

Grades: 9-12

Having a difficult time facing the summer math packet? This class will help students prepare for their mastery test by utilizing one-on-one tutoring and small group work. Students will have the opportunity to take their subject specific mastery test at the end of the week, preparing them for the start of school.

- Instructor: Caroline Stone, Parish Episcopal School
- Dates: Week 7 – July 13-17
- Times: 9:00am - 12:00pm
- Location: Midway Campus
- Cost: \$250

MATH FOR PHYSICS

Grade: 9

Worrying about freshman physics? After this two week course, you will be a quantum leap ahead! During this camp we will learn and review math skills necessary for entering 9th grade physics. Math skills will be reinforced by interactive laboratory exercises.

- Instructor: Tracie Román and Cathy Morris, Parish Episcopal School
- Dates: Weeks 3-4 – June 15-26
- Times: 9:00am - 12:00pm
- Location: Midway Campus
- Cost: \$325

MATH PACKET REVIEW: ALGEBRA I

Grade: 9

Get to work on your summer math packet under the supervision of a teacher who can help when you get stuck!

- Instructor: Caroline Stone, Parish Episcopal School
- Dates: Week 10 - August 3-7
- Times: 1:00 - 3:00pm
- Location: Midway Campus
- Cost: \$150

MUSICAL THEATER CAMP

“School House Rock Live, Jr. Production”

Grades: 6-11

Join us for a summer production of *School House Rock Live, Jr. Production*. Students will work together as we cast, choreograph, and perform a full length show the last day of camp. This is a well-rounded musical theater experience including dancing, acting, singing and putting a show together. Learn how to audition, create a character, perform in an ensemble, and work creatively as a group plus so much more. There are opportunities for all skill levels. Sign up early as space is limited.

- Instructor: Stephanie Wulfe, Texas Family Theater, and Parish Episcopal Arts Faculty

- Dates: Weeks 2-3 – June 8-19
- Times: 12:30 - 4:00pm
- Location: Midway Campus
- Cost: \$500

PORTFOLIO PREP

Grades: 9-12

A one week course designed to give students a kick start on their AP and/or personal portfolio. The focus will be on the breadth portion of the portfolio. Students will create a goal list, a personal timeline, and execute different projects ranging from abstract to figurative subjects. They will create images that may be included in their portfolio as they refine their technique. Rising seniors will end the course by exploring a range of themes that interest them and narrowing their focus into one main concentration for that portion of their portfolio.

Prerequisites: A minimum of two 2D art classes.

- Instructor: Beka Johnson, Parish Episcopal School
- Dates: Week 2 – June 8-12
- Times: 9:00am - 12:00pm
- Location: Midway Campus
- Cost: \$295 (Includes material costs)

POTTERY WHEEL

Grades: 5-9

Students will spend the week learning the potter's wheel. They will glaze their pieces and finish the week with a collection of food-safe wares.

- Instructor: Ingrid Geisler, Parish Episcopal School
- Dates: Week 7– July 13-17
- Times: 9:00am - 12:00pm
- Location: Midway Campus
- Cost: \$250

PRIVATE MUSIC

Grades: PreK-12

The summer is a fantastic time to focus on learning a musical instrument, and private music instruction is one of the fastest, most effective ways to improve your skills. Students can choose from a range of instrument and voice lessons and will benefit from one on one instruction. Our private music lessons are offered in 30 minute and one hour blocks of time. We welcome beginner

CONTINUED ON NEXT PAGE

CONTINUED FROM PREVIOUS PAGE

and advanced students. Private music lessons must be scheduled through the ParishEXTEND office in order to coordinate with our instructors' schedules.

- **Instructors:**
Peter Dugga, percussion instruments
Riley King, voice
Alex Mitchakes, guitar
Kathleen Parsons, piano and violin
Mark Ripley, piano
- **Dates:** Available all summer
(please call 972.852.8752 to schedule)
- **Times:** Available in 30 minute
or 1 hour blocks
- **Location:** Midway Campus
- **Cost:** \$35/half hour, \$70/hour

PROBLEM SOLVING CONFERENCE

Grades: 7-10

In this class, students will host a mathematical conference where they will debate and solve interesting problems designed to be hands-on, fun and challenging.

- **Instructor:** Caroline Stone, Parish Episcopal School
- **Dates:** Week 3 – June 15-19
- **Times:** 9:00am - 12:00pm
- **Location:** Midway Campus
- **Cost:** \$250

NEW PSAT/SAT PREP REVIEW

Grades: 9-12

If you aspire to become a National Merit Scholar, or if your scores are short of gaining admission to your choice of universities, this class is for you. This course is designed to help raise your SAT/PSAT scores to the level required to meet your goals. Content in this class is often not covered in regular classroom settings but is tested on the SAT. This review will prepare students for the **new PSAT**, which will begin in October. Serrago, Inc., has helped hundreds of students gain college scholarships through their SAT/PSAT scores. Classes also meet six

additional Saturdays in the fall.

- **Instructor:** Sharon Serrago, Serrago, Inc. and Shelly Vorwerk, Parish Episcopal School
- **Dates:**
Weeks 3-6 – June 15-July 3
Weeks 7-9 – July 6-24
- **Times:** 9:00am - 12:00pm
- **Location:** Midway Campus
- **Cost:** \$575

READY FOR UPPER SCHOOL ENGLISH – GRAMMAR

Grades: 8-12

If you don't know a gerund from a gerrymander, this class is for you. Do you know how to write clearly? Do you carefully choose the length and structure of your sentence, placing each word on purpose to achieve a desired effect? Or do your sentences

simply come together, falling out randomly and without purpose? To write well, you need to learn to identify and manipulate the many phrases, clauses and sentence types that make up the English language. In this class you'll learn to make your sentences clearer, more direct and easier to read. You'll build habits that will

help you not only in English class, but throughout your life as you seek to communicate your ideas in writing.

- **Instructor:** Chris Schmidt, Parish Episcopal School
- **Dates:** Week 6-7 – July 6-17
- **Times:** 9:00 - 11:00am
- **Location:** Midway Campus
- **Cost:** \$325

READY FOR UPPER SCHOOL ENGLISH – READING

Grades: 8-12

Upper School English classes require students to read stories, poems, novels, plays, speeches and news articles independently and then to come to class ready to discuss, write or argue about the required reading. This summer reading course will help

you to build the skills you will need to succeed and thrive in Upper School English. You will learn and practice various reading strategies, including annotation, journaling, summarizing, paraphrasing, analyzing literary devices and learning new vocabulary. You will leave this class feeling more confident as a reader.

- **Instructor:** Tracey Addington, Parish Episcopal School
- **Dates:** Week 8-9 – July 20-31
- **Times:** 9:00 - 11:00am
- **Location:** Midway Campus
- **Cost:** \$325

READY FOR UPPER SCHOOL ENGLISH – WRITING

Grades: 8-12

How confident are you as a writer? When a teacher assigns a major writing assignment, do you find yourself staring at a blank screen or a blank page, not knowing where to start? This writing workshop will review and build the skills you need to analyze a writing task, plan your composition, write a draft, and revise it to get it ready for publication. You will write one narrative, one persuasive, and one academic/analytical essay, and you will leave the class feeling more confident and proud of your own writing abilities.

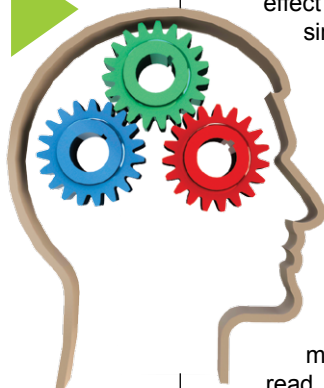

- **Instructor:** Chris Schmidt, Parish Episcopal School
- **Dates:** Week 8-9 – July 20-31
- **Times:** 12:00 - 2:00pm
- **Location:** Midway Campus
- **Cost:** \$325

SPECIAL TOPICS IN GEOMETRY

Grades: 8-11

Have you ever wondered why a circle has 360° or what happens if we try to make a triangle on a sphere? This hands-on, exploration based class will look at taxi-cab geometry, fractals and chaos, spherical geometry, the golden ratio and more.

- **Instructor:** Caroline Stone, Parish Episcopal School
- **Dates:** Week 4 - June 22-26
- **Times:** 9:00am – 12:00pm
- **Location:** Midway Campus
- **Cost:** \$250

SUMMER DANCE INTENSIVE

Grades: 7-12

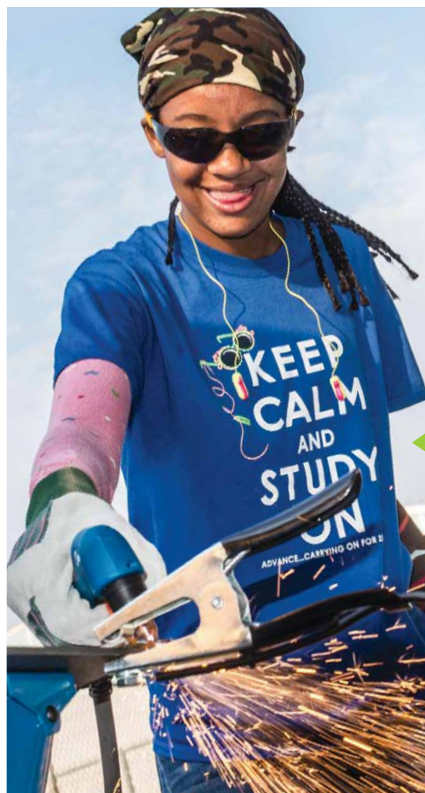

This camp is intensive training for the serious dancer and will be split into two levels depending on enrollee dance experience. Students will have the opportunity to take classes from various dancers and instructors in the DFW Metroplex. The classes will consist of Ballet, Modern, Jazz and Hip Hop. All classes will require appropriate dancewear for full participation.

- **Instructor:** Jessica Robinson, Parish Episcopal School, or Jenna Fisher, Frisco High School
- **Dates:** Week 9 – July 27-31
- **Times:** 9:00am - 3:00pm (1 hour lunch break)
- **Location:** Midway Campus
- **Cost:** \$370

TYPING

Grades: 3-12

SPOTS offers a typing class that is

small in size and tailored to each student's own level and pace. Focus will be placed on finger dexterity and maintaining home-row key positioning.

- **Instructor:** SPOTS Occupational Therapists
- **Dates:** Week 3 – June 15-19
Week 4 – June 22-26
Week 7 – July 13-17
Week 8 – July 20-24
- **Times:** 2:00 – 3:30pm
- **Location:** Midway Campus
- **Cost:** \$295

WOODWORKING

Grades: 6-12

This is an introductory class to wood working and shop tools. We will use hand tools as well as power tools to create several projects that students will take home at the end of the week.

- **Instructor:** Ingrid Geisler, Parish Episcopal School
- **Dates:** Week 9 – July 27-31
- **Times:** 9:00am - 12:00pm
- **Location:** Midway Campus
- **Cost:** \$250

ParishVirtual

ParishVirtual is committed to providing easily accessible, world-class learning opportunities in a blended setting by challenging students through vigorous coursework in a wide range of content areas. Parish's online campus engages students in collaborative learning environments that inspire globally-minded students to think and create in meaningful ways.

BIBLE AND WESTERN CULTURE

Grades: 10-12

This course introduces the literature of the Bible and examines its influence on the heritage of Western civilization. The primary objective is to familiarize students with the Old and New Testaments; however, the course also introduces the related topics of canonicity, textual criticism, Bible translation, and methods of interpretation. Secondary emphasis includes a discussion of the Biblical worldview and its impact on the history, art, literature, architecture, jurisprudence and other aspects of Western culture.

Students earn .333 credits toward Parish graduation requirements in religion.

- Instructor: Jim Wasserman, Marc Addington (2 sections), Parish Episcopal School
- Cost: \$625

CONNECTING THE DOTS: PIVOTAL MOMENTS IN AMERICAN FOREIGN POLICY

Grades: 10-12

Was the sinking of the Lusitania by German U-boats the introduction of a terrible new kind of war that would culminate in the first decades of the 21st century? Was the Cuban Missile Crisis an unintended consequence of Kennedy's "prestige race" for outer space? This course asks students to reflect on these questions and others like them to provide historical context of the kind of world we live in today.

Students earn .333 credits in history.

- Instructor: Dr. Frederick Hotz, Parish Episcopal School
- Cost: \$625

CONTEMPORARY RELIGIOUS ISSUES

Grades: 11-12

This twelve-week course explores a variety of topics relevant to contemporary society and its interaction with religious ideas. Subjects discussed vary and may include religion and the social sciences, religious fundamentalism, liberation theology, philosophy of religion, feminism or other topics as determined by the instructor. As a core objective, the course seeks to galvanize students to reflect on and formulate opinions regarding the influences exerted on society by the theological, moral and ethical tenets of religion.

Students earn .333 credits toward Parish graduation requirements in religion.

- Instructor: Stuart Chepey, Parish Episcopal School
- Cost: \$625

HEALTH

Grades: 9-12

This course will enable students to gain knowledge and skills about healthy living topics. The following broad topics are the focus of instruction: nutrition and eating disorders, depression and anxiety, alcohol, drugs, and human reproduction and sexual wellness.

Students earn .333 credits toward Parish graduation requirements in health.

- Instructor: Craig Savage and Jeremy Calahan (team-taught), Parish Episcopal School
- Cost: \$625

INTRODUCTION TO BEHAVIORAL ECONOMICS

Grades: 10-12

This course investigates the basics of the relatively new discipline of behavioral science known as behavioral economics. Every decision has an inherent cost and hopefully a benefit. In a rational world, humans would make decisions wherein the benefits outweigh the costs. But what happens when we make poor decisions? Are poor/costly decisions predictable and can we learn to recognize and avoid them? These are the types of questions we will explore. The study of

behavioral economics includes how market decisions are made and the mechanisms that drive public choice. We will cover the prevalent themes of behavioral economics including heuristics, framing and market inefficiencies.

Students earn .333 credits as an elective.

- **Instructor: Craig Savage,**
Parish Episcopal School
- **Cost: \$625**

MEDIA LITERACY NEW

Grades: 10-12

Media Literacy will develop the critical and creative skills students need to respond to their media rich environment. The course will examine the economics, consumerism and marketing found in media today. Students will study how various media uses art, music, language and psychology to make a point or sell a product.

Students earn .333 credits as an elective.

- **Instructor: Jim Wasserman,**
Parish Episcopal School
- **Cost: \$625**

PARISH PREP

Grades: 9-11

This course will equip you with the tools you need to be academically successful in the Parish Upper School. This course will focus on orienting new students to Parish, understanding and managing the Parish block schedule, communicating with teachers, utilizing learning styles, strengthening time management and organizational skills, taking notes,

preparing for tests, strengthening memory, reading for information, essay writing skills, research skills, and stress management. Hear from current successful students to find out what works for them. Find out how you learn best and how to best use your strengths. Learn to pool your resources and make the most of your time.

This course is strongly recommended for Upper School students (Grades 9-11) who are NEW to Parish.

- **Instructor: Dr. Lynda Csaszar,**
Parish Episcopal School
- **Week 9 – July 27-31**
- **Cost: \$295**

U.S. HISTORY IN THE 1980s

Grades: 10-12

Students will examine the political, social, economic and cultural developments in the United States from 1979-1991. Politically, the course focuses on the resurgence of conservatism, its role in bringing about the dissolution of the Soviet Union, and the creation of new tensions within the Middle East. The course will also examine how conservatism at home affected both the economy and culture and the resultant backlashes against this trend. The course is intended to give more depth and insight into recent current events that are often overlooked in a U.S. History course.

Students earn .333 credits in history.

- **Instructor: Patrick Lipscomb,**
Parish Episcopal School
- **Cost: \$625**

About ParishVirtual

Q: What is ParishVirtual?

A: ParishVirtual is a platform for “blended” learning. This means that the courses have a mixture of online work and the traditional classroom experience where students are expected to attend class at Parish.

Q: When are classes held? Do I have to attend all classes?

A: Classes are held throughout the summer. This schedule is posted on the portal and on the ParishVirtual webpage (parishepiscopal.org/parishvirtual). Students must attend a minimum of 4 of 7 classes to receive credit (6 of 10 classes for the health class). Please check your summer schedules before signing up.

Q: What is the time commitment for a ParishVirtual class?

A: Students should plan to spend 5-7 hours per week online to complete each course. This is above and beyond the recommended classroom time. Also, when students are not present in class, an instructor will ask the student to do work to cover missed material.

Q: How are ParishVirtual classes taught?

A: Our teachers use a wide range of materials from traditional text to materials found online or even personal interviews. At Parish we want the students to engage as many resources as possible. Classes are organized around a classroom webpage where the student can be directed to instructional material and other programs for assessments or collaborative activities.

Q: What are some keys to success?

A: While our teachers try to work around our students’ hectic schedules, we do ask that students keep pace with the class. This requires them to plan ahead and work diligently to anticipate large stretches of time when they may be out of class. The beauty of a ParishVirtual course is that most of the work can be done at any time the student finds an opportunity. In fact, our courses are designed for self-paced learning and to have the majority of material available for students from the first day of class so that they can work ahead.

Q: Do students earn credit?

A: Yes, students earn credit for these courses. These courses appear on the transcript year which they have most recently finished (not the following year), and the grades are calculated into their GPA. This also means that a withdrawal would also appear on the transcript should a student not complete a course. Successful completion of each of our courses earns the student .333 credits. While our courses do count towards graduation credit, taking a course in the summer does not exempt a student from a full course load during the regular year.

SPORTS & RECREATION

BASEBALL CAMP

Grades: 2-7

Students will learn baseball skills through hands-on

instruction from

Parish baseball coaches

including Brett McCabe,

former Big 12 coach and

professional player. Athletes

will be grouped

according to age and ability. They will participate in drills, practices and games. Players will have access to Parish's state of the art, air conditioned batting cages where they will focus on fine tuning their hitting and pitching skills. Students need to bring a glove, cleats (rubber bottoms recommended), hat and a bat (optional).

- **Instructor:** Brett McCabe, Parish Episcopal School
- **Dates:** Week 2 – June 8-12
- **Times:** 9:00am - 12:00pm
- **Location:** Midway Campus
- **Cost:** \$180

BASKETBALL CAMP – GIRLS SESSIONS 1 & 2

Grades: 3-7

Led by Parish's Varsity Girls Basketball Coach, John Griffin, this camp is focused on building a solid foundation through emphasis on fundamentals. Players will work on skills and strategy training through drills dedicated to speed, ball handling, and read and react play. After one week, players should have a better sense of effective teamwork, proper shooting form, defensive strategies, play calling, rebounding and passing. Several games will be played throughout the week in order to give the players an opportunity to apply their skills and strategies.

- **Instructor:** John Griffin, Parish Episcopal School
- **Location:** Midway Campus
- **Cost:** \$180

SESSION 1

- **Dates:** Week 2 - June 8-12
- **Times:** 9:00am - 12:00pm

SESSION 2

- **Dates:** Week 7 – July 13-17
- **Times:** 12:30 - 3:30pm

BASKETBALL CAMP – BOYS SESSION 1

Grades: 1-5, 6-9

Get ready for four jam packed days of basketball. This camp's skills and strategy training will focus on developing individual and team fundamentals. The student athlete will be trained in a variety of drills designed to improve basketball IQ and awareness. The camp will also include fun daily competitions, as well as live game situations. All skill levels are welcome. Awards will be given at the end of camp for contest winners, special recognition and contributions.

- **Instructor:** Chris Anderson, Parish Episcopal School
- **Dates:** Week 3 – June 15-18 (4 days)
- **Times:** 9:00am - 12:00pm (Grades 1-5)
12:30 - 3:30pm (Grades 6-9)
- **Location:** Midway Campus
- **Cost:** \$150

BASKETBALL CAMP – BOYS SESSION 2

Grades: 4-9

Join our basketball camp and spend four days sharpening your skills and improving your game. Players will be grouped by ability to in order to create a more individualized, cohesive experience. The camp will focus on speed, ball handling, read and react play, game strategy and teamwork. We will play several games throughout the week to give you an opportunity to apply what you have learned. Awards will be given at the end of camp for contest winners, special recognition and contributions.

- **Instructor:** Chris Anderson, Parish Episcopal School
- **Dates:** Week 7 - July 13-16 (4 days)
- **Times:** 9:00am - 12:00pm
- **Location:** Midway Campus
- **Cost:** \$150

BICYCLE 101: ESSENTIAL SKILLS TO RIDE LIKE THE WIND

Grades: 4-6

Cycling is growing in popularity, and we want your student to join the movement! Parish P.E. teacher Tom Dewell will teach your child the essential skills for safe bike riding through classroom instruction and outdoor riding practice. Students will learn maintenance, proper fit and posture, riding on a variety of surfaces, defensive riding, safety, and traffic/road awareness. Students must be able to ride their bike fairly well to participate in this class. Bicycles will be stored at the school for the week. Please bring a bicycle that is in good working condition (no flat tires) and a properly fitted bicycle helmet.

- **Instructor:** Tom Dewell, Parish Episcopal School
- **Dates:** Week 5 – June 29-July 3
- **Times:** 7:30 - 9:00am
- **Location:** Midway Campus
- **Cost:** \$90

CHEERLEADING

Grades: K-2, 3-7

Put a little pep in your step at this summer's cheerleading camp. We will cover jumps, cheers, stunts, gymnastics power tumbling, voice projection and much more. Campers will perform a finale routine in front of an audience on the last day. Get ready to have F-U-N!

- **Instructor:** Ty Smith, X-Factor
- **Dates:**
Week 3 – June 15-19
Week 5 – June 29-July 3
Week 8 – July 20-24
- **Times:**
9:00am - 12:00pm (Grades K-2)
12:30 - 3:30pm (Grades 3-7)
- **Location:** Midway Campus
- **Cost:** \$180

U.S. KIDS GOLF CAMP

Grades: 4-10

Have fun learning to play golf or fine tuning your skills with Kimberley Self, Parish's golf coach and LPGA Class A Teaching Professional. Kid-friendly competitions and on course learning keep campers engaged during each three hour day. By the end of the week, players will understand fundamental skills, etiquette, rules and sportsmanship. Bring your clubs, water and sunscreen. Price includes a cap, golf balls, tees, towel, range balls, prizes and snacks.

- **Instructor:** Kimberley Self, Parish Episcopal School/LPGA
- **Dates:** Week 1 – June 3-5 (3 days)
- **Times:** 1:00 - 4:00pm
- **Location:** Canyon Creek Country Club
- **Cost:** \$275

LACROSSE CAMP – BOYS

Grades: 4-8

Players will be grouped according to age and ability and instructed by Parish's Middle School coach, Joe Richardson. They will participate in drills, practices and games. The environment will allow players to learn as an individual and as a productive team member. No experience is necessary. Students will need to bring a stick, helmet, pads, mouth guard and cup.

- **Instructor:** Joe Richardson, Parish Episcopal School
- **Dates:** Week 7 – July 13-17
- **Times:** 12:30 - 3:30pm
- **Location:** Midway Campus
- **Cost:** \$180

LACROSSE CAMP – GIRLS

Grades: 4-8

Join the Parish Episcopal School girls' lacrosse coach for five afternoons of lacrosse drills, games and fun. Participants will develop individual skills like mechanics of throwing, catching, shooting, etc. Additionally, attention to team concepts like offensive plays and defensive strategy will be given. Participants with all levels of experience are welcome to participate, as players will be grouped based on ability and experience. Please bring a stick, mouthguard, goggles, cleats and sunscreen.

- **Instructor:** Caroline Doswell, Parish Episcopal School
- **Dates:** Week 2 – June 8-12
- **Times:** 12:30 - 3:30pm
- **Location:** Midway Campus
- **Cost:** \$180

MIND AND BODY

Grades: PreK, K-2, 3-6

This camp offers fun for both minds and bodies by combining the Mind Lab

program endorsed by Yale University with Zumba Kids! The Mind Lab Program is a world-wide innovative methodology for the development of 21st century life skills through the instruction of strategy and thinking games. Our games selection includes more than 250 international award winning board games such as: Quoridor, Rush Hour, Octi, Zoologic, Abalone and many others. We've developed a unique approach that fills the gap between school education and real life challenges by teaching students HOW to think rather than WHAT to think. Zumba Kids routines are packed with specially choreographed routines and the latest music, like hip-hop, reggaeton, cumbia and salsa. Zumba increases kids' focus and self-confidence, boosts metabolism and enhances coordination.

- **Instructor:** Mind Lab and Zumba Kids
- **Location:** Midway Campus (Week 3 and 8), Hillcrest Campus (Week 10)
- **Cost:** \$250

GRADE PreK

- **Dates:** Week 3 – June 15-19
Week 8 – July 20-24
- **Times:** 9:00am - 12:00pm

GRADES K-2

- **Dates:** Week 8 – July 20-24
Week 10 – August 3-7
- **Times:** 12:30 - 3:30pm (Week 8)
9:00am - 12:00pm (Week 10)

GRADES 3-6

- **Dates:** Week 3 – June 15-19
- **Times:** 12:30 – 3:30pm

NIKE FIELD HOCKEY CAMP

Grades: 3-12

Join us at the only Nike® endorsed Field Hockey camp in the Central United States! This camp focuses on the fundamental and advanced skills of the game including stick work, passing, defense, shooting, agility and game strategy. It is open to all ability levels. Players will be evaluated on the first day of camp and grouped accordingly. Each day entails small sided games, practice drills and game tactics. Full and half-day options are available. *Please note, the Nike® Field Hockey Camp requires that you register at ussportscamps.com.

- Location: Midway Campus
- Cost: \$210

PANTHER SOCCER SKILLS CAMP – COED

Grades: K-4, 5-8

Focused on building individual skill and confidence on the ball, this dynamic camp is designed to serve players of any ability from beginner to seasoned veteran. The camp focuses on receiving the ball, maintaining possession, efficient and creative ball movement, and finding the back of the net! Using individual and small group activities, we offer maximum touches on the ball within fun, competitive games. The camp is designed and run by Parish's head soccer coach, Craig Savage, who has 20 years' experience coaching high school, club and Olympic Development soccer in Atlanta and Dallas.

- Instructor: Craig Savage, Parish Episcopal School
- Dates: Week 9 – July 27-31
- Times: 8:30 - 11:30am
- Location: Midway Campus
- Cost: \$180

SOFTBALL CAMP WITH COACH GRIFFIN

Grades: 3-7

Improve your game with Coach John Griffin, head coach of Parish's Varsity Girls Softball team. This camp will focus on proper fielding, throwing, batting, base-running and other fundamental softball skills. We'll cover game situations and proper mechanics. Each position will be taught specific elements to customize the camp to a player's experience and talents.

- Instructor: John Griffin, Parish Episcopal School
- Dates: Week 3 – June 15-19
- Times: 9:00am – 12:00pm
- Location: Midway Campus
- Cost: \$175

SPEED CAMP WITH COACH NADY

Grades: 1-12

Do you have the need for speed? This camp focuses on body mechanics, speed training, football fundamentals and drills in order to improve your speed and reaction time. The camp is coached by Scott Nady, coach of the 2014 State Champion Parish Panthers. He will be

joined throughout the week by several guest coaches who are former and current Division I and NFL players.

- Instructor: Scott Nady, Parish Episcopal School
- Dates: Week 2 – June 8-12
- Times: 9:00am - 12:00pm
- Location: Midway Campus
- Cost: \$210

VOLLEYBALL CAMP

Grades: 4-6, 7-8, 9-12

Pass, Set, Hit! You'll improve all three after participating in our summer volleyball camp. Skill development is emphasized during hours of on-court instruction in the following areas: serving, serve receiving, forearm passing, setting, attacking and team reception. This camp will be a great opportunity to keep your game sharp during the off-season and get you ready to hit the court in the fall.

- Instructor: Athletics Staff, Parish Episcopal School
- Dates: Week 4 – June 22-26
- Times:
 - 9:00am - 12:00pm (Grades 9-12)
 - 1:00 - 4:00pm (Grades 7-8)
 - 5:00 - 7:30pm (Grades 4-6)
- Location: Midway Campus
- Cost: \$180

REGISTRATION FORM

AUTHORIZATIONS

In order to provide safe, informed care for your child, ParishEXTEND requires the following information from all students attending ParishEXTEND Summer programs.

RELEASE AND AUTHORIZATION TO PARTICIPATE

I understand that Parish Episcopal School does not assume any responsibility in case an accident occurs. In consideration of the above named student being permitted to take part in activities, I hereby agree to waive all claims, release, indemnify, defend, and hold harmless the Parish Episcopal School, its Trustees, Head of School, Heads of Lower, Middle Upper and Summer Schools, Faculty, School Nurse, agents, employees, and invitees together with all persons, including parents of students of Parish Episcopal School, assisting with any phase of such trips and activities, including all expenses of litigation and/or settlement, which may arise in connection with such trips and all liability by reason of any accident or injury suffered by the above named student while on such trips or participation in such activities. I HEREBY FURTHER EXPRESSLY AGREE THAT SUCH INDEMNITY WILL APPLY WHETHER THE CLAIMS, SUITS, LOSSES, DAMAGES, CAUSES OF ACTION OR OTHER LIABILITIES ARISE IN WHOLE OR IN PART FROM ANY FORM OF NEGLIGENCE OF SAID PARTIES.

CONSENT FOR MEDICAL TREATMENT

In the event I cannot be contacted to give my consent, I hereby authorize Parish Episcopal School, its officers, agents and employees to consent for me to:

1. The administration of any treatment deemed necessary by a licensed physician or dentist, and
2. The transfer of the minor to any hospital reasonably accessible. I understand that this authorization is given to provide authority and power on the part of Parish Episcopal School, its officers, agents and employees to give specific consent to any examination, diagnosis, treatment of hospital care which, in the judgment of a licensed physician or dentist is deemed necessary.

CONSENT FOR PHOTOGRAPHY

Parish Episcopal School has my permission to use any photographs, art projects or videos of my child in any future promotion or advertising materials.

EMERGENCY CONTACTS

IN THE EVENT OF AN EMERGENCY, PARENTS OR GUARDIANS WILL BE CONTACTED FIRST. PLEASE LIST AT LEAST ONE ALTERNATE EMERGENCY CONTACT.
